October – November 2019.

Dear Members and Friends,

Can you help to make this Thanksgiving Dinner the best we have ever had on the coast? Spread the word, invite your friends, form a table of friends, offer to make 'phone calls to remind friends and invite them. Our President Dr Christopher Reynolds believes we can do it. I too, believe We can do it. The following is the

President's Media release

The Australian American Association will hold its annual Thanksgiving Dinner at the Sofitel Hotel, Broadbeach, on Thursday evening from 6.30 pm on November 28, 2019.

The band, Galapagos Duck, will play at the evening's event.

The new President of the Association, Dr Christopher Reynolds, previously held the position of Senior Professional Staff for the US Senate Committee on the Judiciary. Writing legislation for Mitch McConnell, now the Leader of the Republicans in the Senate, and Congressman Dan Coates, now head of Intelligence in the Trump Administration, Dr. Reynolds is the only Australian ever to hold a senior position in the Congress.

"There are some 7,000 Americans living on the Gold Coast and as the new President of the Australian American Association,' said Dr. Reynolds, "I am pleased to invite them, their families and friends to join us for this year's Thanksgiving Dinner. And, of course, Australians may join us as well.

Although, if they all show up, we may need to book the Carrara Stadium!

This annual American event has been going on since 1789. Every year, the Americans have a special guest turkey presented to the President of the United States and this year on the Gold Coast, we are pleased that we have our own our special guest, A.T. Turkey, to join us for dinner at the Sofitel Hotel.

"It is very exciting for me to be attending this year's Thanksgiving on the Gold Coast," said A.T. "While a Presidential Pardon and a stay of execution may be forthcoming, I will still make every effort to be present at the dinner. Although I am not pleased to hear a band of Delicious Ducks will be staring as well: I usually get all the saucy attention myself," said A.T.
