

Culturally Responsive Educators...

Connect student cultures and backgrounds to the curriculum and learning experiences.

Because all student cultures and backgrounds are assets and pathways for deeper learning experiences.

Hold high expectations for every student.

Because each student can learn and grow through deeper learning experiences and academic rigor.

Empower students through authentic challenges, questions, and experiences.

Because authentic learning experiences empower students to take ownership of their learning and make connections to their world.

Engage every student in deeper learning experiences .

Because each student deserves to be future-ready through engaging in rigorous learning experiences that grow 5C skills.
