Tool Tips

#106C90

Tooltip on top

The diagram illustrates four tooltip positions relative to a central point. Each position is represented by a blue rounded rectangle with a small blue triangle pointing towards the center. The positions are: 'Tooltip on top' (triangle pointing up), 'Tooltip on right' (triangle pointing right), 'Tooltip on bottom' (triangle pointing down), and 'Tooltip on left' (triangle pointing left). The rectangles are arranged in a horizontal row, with the 'bottom' tooltip's triangle pointing downwards.

Collapsible Group Item #3

Default

With captions

Close icon should be used on all modals and slide out panels in top right, same place every time. Color subject to change.

Remove icon. Should be used in grids or elsewhere to denote removal of an item, not deletion of that item.

Delete icon, clicking this would delete an item.

Edit icon, click this opens up editable state.

Calendar icon, use for signifying making appointments, viewing appointments, and other date related functions.

Use chevrons for expand/collapse content with closed state horizontal, open state down.

Use for drop down menus. We've been using the chevron for this, but it really should be the caret, that's best practice and standard through web.
