Statement of Faith

We believe the Holy scriptures of the Old Testament and New Testament are the inerrant, inspired, and infallible Word of God. God's Word is the final authority for faith and life.

We believe there is only one God, and He has chosen to reveal Himself as God the Father, God the Son, and God the Holy Spirit.

We believe man was created in the image of God and the sin of Adam (the first man) marred that image, creating an eternal divide between God and Man. Every person is born in sin.

We believe the only way a person can have a true, forgiven relationship with God is through Jesus Christ's sacrifice on the cross. Jesus was born of the

Virgin Mary and conceived by the Holy Spirit. Jesus became man without ceasing to be God. Our right standing with God is made sure because of His literal, physical resurrection.

We believe in the literal, physical return of Jesus to judge the living and the dead.

We believe that God offers eternal life as a free gift, and that it must be received by faith alone through God's grace alone. The life that comes from this gift is a permanent possession of the one receiving it.

We believe the church of the Lord Jesus Christ is a local body of believers on mission to enlarge God's kingdom. The local church is autonomous, free of any external authority or control.

We believe believers' baptism and the Lord's supper are the two ordinances of the church.

Accumulative Life Experience Policies (LLE)

The American Council on Education and the Council on Postsecondary Accreditation have acknowledged that “American society abounds in resources for learning at the postsecondary level, Associations, businesses, government, industry, and unions sponsor formal instruction. In addition, independent study and reading, work experiences, the mass media, and social interaction contribute to learning and competency.”

The Student Portfolio (Curriculum Vitae) required by Dr. Lynda G. Washington University assists the school in fulfilling this exhortation for post-secondary institutions to “assess extra-institutional learning as part of

their credentialing function.” DLWU records Accumulative Life Learning Experience credits on a student’s transcript at all levels, but these LLE credits are not included as part of the minimum credit hour requirement for any doctoral degree

**The maximum LLE credit hours allowed toward DLWU degrees:
Associates – 25; Bachelor’s – 25; Master’s – 25; Doctor’s – none**

Student Portfolio (Curriculum Vitae)

All students enrolled in the DLWU degree program are required to complete a Student Portfolio (Curriculum Vitae), which summarizes the learning acquired from academic, personal, and professional experiences. All students must complete the Portfolio regardless of the number of transfer credits they have accumulated prior to enrolling at DLWU.

The preparation of the Portfolio has two main purposes: (1) It provides a means by which students may petition for Accumulative Life Learning Experience (LLE) credits applicable to their degree, and (2) It provides students the opportunity to summarize and evaluate experiences they bring with them to the program.

Student Portfolio (Curriculum Vitae) II

In addition to the student Portfolio submitted prior to enrolling at DLWU, a final Portfolio (Addendum) can be submitted upon completion of a degree program to the Graduation Assessment Committee for evaluation and additional LLE credit (4 credit hours). In cases where the Portfolio needs improvement, the student will be notified to what needs to be corrected. *(Portfolio Guide available upon request)*

Term Paper, Theses, and Dissertation Requirements

*All written work must be typed (12 point), double - spaced, standard margins on standard white paper, one side of the page only, and submitted in a 3-ring binder. Students writing research papers, theses, and dissertations are expected to use the guidelines set forth by Kate L. Turabian **A Manual for Writers of Research Papers, Theses, and Dissertations** 8th Edition.*

The curriculum includes supervised ministry experience and observation of local church life. Students are required to participate in a year of church leadership and supervisory experience if they are not in a leadership position.
