On **Sept. 27**, we are honored to have a guest speaker, Cesar Berrios. Berrios was originally born in Chinandega, Nicaragua, before moving to the U.S. when he was 6. Although he enjoys Indiana traditions like watching basketball, having bonfires and playing cornhole, he still makes sure to celebrate his Nicaraguan roots and traditions. He is the Program Advisor in the Multicultural Center, is happy to call USI home. Berrios grew up in Evansville and is a proud alumnus of USI, receiving his bachelor's and master's degrees, and currently working on his doctorate, but he was not always an Evansville resident.

Because of his Latinx background and heritage, He provides students with various types of programs that embrace and celebrate Latinx culture, identity and history. Some of the programs he organizes are the Latinx Heritage Month Keynote Speaker, Latin Rhythms, Pan Dulce, Latinx Film, and many more.

Berrios will speak upon our Catholic Social Teaching which will help us apply to the Gospel values to modern social, economic, and political life. Rooted in scripture and human dignity, it provides a moral framework for building a just society and pursuing the common good.

Through talks, music, adoration, prayer, panel discussions, fellowship, the Sacrament of Reconciliation, and the celebration of the Mass, the young people deepen their love and understanding of the Catholic faith, and encounter the power and richness of God's love and mercy.
