

## Kennedy Sousa Bio

Hi my name is Kennedy Sousa and I love to act! I was recently in two plays – Annie and Sponge Bob. This experience made me realize I feel most “alive” when I am performing in front of others. I genuinely love meeting new people. I love learning about other cultures and personalities. During my spare time, I also enjoy Cheerleading, which I am entering my 4<sup>th</sup> year of competitive Cheer. I also do Gymnastics, Singing and Karate, which I am currently in black belt training. I am actively involved in my school and am currently the vice-president of our student council. I have always enjoyed school and work hard to maintain good grades.

The opportunity to be in the entertainment industry brings me both excitement, as well as a sense of giving back. I love entertaining people and making them smile. It gives me a sense of purpose 😊

I have an older sister Alexi, who everyone tells me I look like when she was my age, and a younger Brother Jameson, who can be annoying at times. We just adopted a puppy named Boston and I also have a pet hermit crab.

My parents tell me that even as a baby, I was singing, dancing and performing on demand lol! I love entertaining and know this is my true calling. I understand this industry is not easy. However, I am a driven individual, who will put in the time, effort, and energy required in the hopes my dream can come true.

Thank you for your time and for considering me and look forward to working together soon!

Your girl from Lil Rhody!

Kennedy Sousa
