Who We Are

AV - ACCESS CONTROL - CCTV - INTERCOM - ICIDS

DUNS #: 032366945
CAGE Code: 1LCD3
NJ Burg License #: 34BX00015000
NJ Telecomm Wiring Exemption #: 891
Woman Owned Small Business

CORE VALUES

Security 2000 (S2k) was founded on and operates by one simple core value: As a small but highly specialized electronic security integrator, we must rely on honesty, quality, and personal responsibility as the benchmarks of our business model to remain successful. We must be resolute in the ideology that all clients – regardless of size – deserve a service based integrator that assumes as much stake in their projects as they do. Our goals must be our clients' goals. As we partner with our clients, it should be immediately evident that we provide the finest equipment options in the security industry – that we strive for the highest level of craftsmanship – and most importantly, that we offer the highest level of service found anywhere.

OUR GOALS

- Develop a personal relationship with each client
- Provide every client what they need, not what is most profitable
- Conduct ourselves with the utmost level of professionalism and dedication as we evolve with our clients
- Constant education: We must lead our clients in an ever-changing security industry
- Remain invested in our clients goals after the project is complete
- Provide everything we can at a fair and reasonable price

ACCOMPLISHMENTS

In business since 1999

We offer complete bonding capacity

We have an EMR rating of .966

We have become an industry leader in Sensitive Compartmented Information Facility (SCIF) ICD 705 and UFC 4 010 05 integrated system design standards

We are experts in the interpretation and implementation of all DoD Physical Security standards

Provided a full, base wide security infrastructure upgrade at Pope AFB, NC

Integrated the separate Pope AFB and Fort Bragg security infrastructures into one unified system without one minute of unscheduled interruption of service

Provided Lockheed Martin with SurveyTeam Leaders on the NYC Metro security upgrade

Provided comprehensive integrated system maintenance service at multiple DoD installations to include Fort Stewart, GA; Fort Bragg, NC; Adelphi, MD; Forest Glen, MD; Tobyhanna, PA; WestPoint Military Academy, NY; Watervliet Arsenal, NY; Detroit VAMC, MI; Fort Meade, MD; and Tobyhanna AD, PA

TECHNOLOGY PARTNERS

GSA Contract #GS07F018GA

Security Solutions for Today & Tomorrow

ACCESS CONTROL

Solutions providing the latest in the state-of-the-art possessed object, unique identifier, and biometric technologies from:

- DAQ / ICIDS
- Honeywell
- Software House
- Lenel
- Amag
- FIPS 201 & HSPD 12 Compliant

CCTV

Solutions providing the latest in the state-of-the-art high resolution, low light, and infrared technologies from:

- Bosch
- Pelco
- Vicon
- OnSSI
- MVS
- FLIR
- Axis
- Vivotek

IDS

Solutions including the latest in state-of-the-art data collectors, infrared technology, microwave technology, and high security biased and balanced switches from:

- DAQ
- Honeywell
- DMP
- Vindicator
- Sentrol
- Bosch
- Potter
- Takex

AUDIO VISUAL NEW

Solutions for presentation and secure realtime two-way collaboration

- Video Teleconferencing
- Multi-Room A/V
- Lighting & Building Control
- Digital Signage
- Wireless Collaboration

PROJECT PERSONNEL

- Site Managers
- Project Managers
- Systems Engineers
- Network Engineers
- Logistics Engineers
- Electricians
- Service Technicians

CUSTOM PROGRAM DESIGN & SERVICE

- Task Order style engineering, technical service, and maintenance.
- Sustained technical engineering, service, emergency service, and maintenance.

ENGINEERING CONSULTATION

- Design-Bid-Build System Integration
- Infrastructure Design & Installation
- Retrofit / Renovation Design & Installation

CLASSROOM TRAINING SERVICES

- ICIDS 1, 3, and 4 Operator Training
- ICIDS 1, 3, and 4 Administrator Training
- ICIDS 1, 3, and 4 Hardware Training
- DAQ Starwatch SMS
- Software House C-Cure 9000
- Rosslare Axtrex
- Honeywell Win Pak
