

# Toowoomba, the Clivia Capital of Australia

## Toowoomba Clivia Society Inc.

A Green Walters cross, hybridized and owned by  
L & J Marten.

### Member Benefits

One of the excellent benefits of Membership is receiving our Quarterly Newsletter with heaps of Clivia information. We now await Issue No 67 to be published.

Another benefit of being a current financial member is the presentation of a donated 4 GB USB containing every published Newsletter since #1 was issued in 2007. The free USB will be passed on to our financial members attending the 2018 AGM.

For those current financial members who usually receive a hard copy of the Newsletter in the mail, a Project will commence with these members to confirm their missing Newsletter issues that were issued before they commenced their membership. Due to the high cost of ink involved in printing a small charge of \$1.00 will be made for

each printed newsletter that members wish to obtain.
