BEST DEFENSE
ARMORY & RANGE
MEMBER

MEMBERSHIP TERMS & CONDITIONS

Effective Immediately (11-18-2026) | Essential • Select • Premier

These terms apply to individual Best Defense Armory & Range ("BDAR") memberships and are incorporated by reference into the separate Membership Enrollment & Agreement signed by the member. The signed enrollment form and separate payment authorization document the member's selections and payment instructions.

1. Membership selection and fees

Essential: $34/month; $99 one-time initiation fee. Select: $59/month; $149 one-time initiation fee. Premier: $84/month; $199 one-time initiation fee. Membership dues are charged in advance. Initiation fees are nonrefundable once membership is activated, except as required by law. Applicable taxes and separately purchased products or services are additional. Annual prepayment receives a 10% discount on 12 months of membership dues only; initiation fees and add-ons are not discounted. Annual dues: Essential $367.20, Select $637.20, Premier $907.20, plus applicable initiation fees and add-ons.

2. 2027 transition for existing members

Current members in good standing may select Essential, Select or Premier for the 2027 calendar year on or before December 31, 2026, with no additional initiation fee, including when upgrading to a higher tier. New monthly dues and selected benefits begin January 1, 2027 unless otherwise confirmed in writing. Existing Core memberships without an affirmative 2027 selection will automatically convert to Essential effective January 1, 2027 at $34/month, without an additional initiation fee. Members in other legacy tiers who do not select a tier by December 31 will be contacted directly for a membership decision; no particular new tier is implied. Until a selection is confirmed, the facility will communicate individually about billing and access; no higher-priced tier will be imposed without authorization. The transition waiver does not waive any past-due amounts or add-on charges.

3. Payment and billing

Membership dues and selected add-ons are payable in advance using the payment arrangement separately authorized by the member. Recurring monthly or annual ACH payments require a separately signed authorization identifying the total debit amount, frequency, timing, and revocation instructions. A one-time authorization does not authorize subsequent annual debits. **ANNUAL PREPAYMENT AND RENEWAL:** Members choosing annual prepayment pay the full 12-month cost of base dues AND all selected add-ons UP FRONT at enrollment and AGAIN at each authorized annual renewal. The 10% discount applies to base dues ONLY; add-ons receive no discount. **Annual add-on charges: Select RTB $120/year; Premier spouse/partner range access $240/year; each Premier dependent child $120/year. Premier RTB is included at $0 additional charge.** Example: Premier with spouse and one dependent = $907.20 + $240 + $120 = $1,267.20 annually, plus any one-time initiation fee. The authorized annual debit must include the entire selected package. Monthly members pay add-ons monthly. Card payments, if accepted, may be subject to a separately disclosed lawful processing charge. Members must keep payment information current. Failed payments may result in suspension after applicable notice; returned-payment charges must be disclosed and lawful. Changes to authorized recurring amounts will be handled with notice or consent required by law.

4. Membership term, cancellation and refunds

Monthly memberships continue until canceled. Members may cancel by providing at least 30 days' written notice to BDAR at the range or through the membership contact method published on its website; BDAR will acknowledge receipt. Cancellation takes effect at the end of the applicable notice period, subject to any legally required earlier effective date. Charges already earned or for a billing period begun before the effective cancellation date remain due to the extent permitted by law. Annual prepaid memberships cover 12 consecutive months and automatically renew for successive 12-month terms at the then-applicable annual rate, including the 10% base-dues prepayment discount, unless the member gives at least 30 days' written cancellation notice before the renewal date. Automatic annual renewal and the related recurring debit apply only when the member has expressly authorized them in the signed enrollment and payment documents. BDAR will provide renewal, price-change, and cancellation notices as required by applicable law. If an annual recurring debit has not been authorized, BDAR must obtain authorization before charging for another year. Voluntary early cancellation generally does not result in a prorated refund of an already-paid annual term, except where required by law or approved by BDAR in writing. No provision limits applicable statutory cancellation or refund rights. The member may revoke ACH authorization as provided in the separate ACH form; revocation of a payment method does not by itself cancel membership or extinguish amounts lawfully due.

5. Included privileges and usage limits

The published 2027 membership benefit schedule is incorporated by reference. All tiers include unlimited personal use of the seven-lane public range during regular operating hours, subject to lane availability, safety rules, reservations, maintenance, closures and special events. "Unlimited" does not guarantee immediate lane availability or exclusive use. Member reservation priority is subject to scheduling policies. Premier VIP/Tactical Bay privileges are subject to facility approval, scheduling, training/qualification and posted bay rules; exclusive booking and special programs may carry separate fees. Complimentary rentals, guest passes, cleanings and other annual allowances renew on each member's membership anniversary (or January 1 for legacy members transitioned to the 2027 calendar-year program), have no cash value, are nontransferable, and do not roll over. A midyear tier upgrade does not restart the membership year; BDAR will confirm any incremental allowances available for the remainder of that year. Rental ammunition, targets, taxes and other consumables are not included unless expressly stated. Guest passes admit eligible guests subject to identification, waivers, safety rules and applicable age requirements; guests remain responsible for their own purchases and charges.

6. Discounts and promotional benefits

Tier discounts apply only to eligible items and services expressly listed in the current published 2027 schedule and generally cannot be stacked with sale pricing, special orders, clearance items or other promotions unless BDAR authorizes otherwise. Firearm purchases are not discounted merely by a membership unless a specific promotion says so. Incoming FFL transfer fees are Essential $25, Select $20 and Premier $15 per eligible transfer, excluding government fees and extraordinary processing charges. Training discounts apply to eligible Proactive Training Academy classes; private instruction discounts apply only to Premier. Premier's featured firearm benefit allows complimentary range use of the designated featured firearm, subject to availability and safety qualification; ammunition and other consumables are extra, and any purchase offer is separate. BDAR may substitute comparable benefits when a particular

item, instructor or service is unavailable. Give Back & Save: a new member who provides BDAR proof of a qualifying donation of $100 or more to a participating local charity may receive 50% off the one-time initiation fee, subject to BDAR verification and current published promotion rules. This discount applies only to the initiation fee, cannot be combined with another initiation-fee waiver or discount, and does not reduce dues. Member referrals: a member who refers a new customer who enrolls in and pays for a qualifying membership receives one eligible BDAR member apparel item, as designated by BDAR, per qualifying referral; no cash substitute.

7. Right To Bear (RTB) Flagship Protection

Premier membership includes access to RTB Flagship Protection at no additional monthly BDAR membership charge. Premier members are designated for RTB enrollment by default unless they affirmatively opt out on the membership selection form. Select members may elect RTB participation for an additional $10/month. RTB enrollment, eligibility, effective dates, and benefits are subject to RTB's own procedures, required consents, and governing membership terms; no RTB benefits are effective unless and until RTB confirms activation. Any spouse or partner intended for RTB participation must be identified at initial purchase or 2027 membership confirmation and must satisfy RTB's applicable enrollment requirements. Members must complete any separate RTB enrollment, consent, or household-information steps requested by RTB; BDAR selection alone does not activate RTB benefits. BDAR family range add-ons do not independently establish RTB family coverage.

BDAR AND RTB ARE INDEPENDENT ORGANIZATIONS. BDAR is not part of RTB, does not own, operate or control RTB, and acts solely as a membership access, referral and enrollment partner. BDAR does not provide legal representation, insurance, defense funding, claims administration, or other RTB services. RTB alone administers its program and determines member eligibility, coverage, exclusions, benefit availability, claims, and service delivery under its own terms. BDAR does not guarantee RTB coverage, claim approval, attorney availability, legal outcomes, or continued program availability. Members must direct RTB service requests, coverage questions, claims, and disputes to RTB. To the fullest extent permitted by law, BDAR is not responsible for RTB's independent acts, omissions, service delays, denials, or failure to perform. Nothing in this section limits liability that cannot legally be excluded, including liability for BDAR's own actionable misconduct. Material changes to a BDAR-paid membership benefit remain subject to the applicable BDAR membership terms and law.

8. Spouse, partner and dependent add-ons

Premier members may add a spouse or domestic partner for $20/month and each eligible dependent child for $10/month for BDAR family range privileges, subject to BDAR's current eligibility, safety, supervision and facility rules. The spouse/partner and each dependent must be identified and registered at initial purchase or when an existing member confirms their 2027 tier, if family participation is desired at the start of the membership. Later additions require BDAR approval and a documented membership update; fees may be prorated. Family add-ons are not separate memberships, do not independently receive full individual complimentary allowances or other tier benefits unless expressly stated, and are not transferable. RTB family legal-plan eligibility is separate from BDAR range add-ons and is controlled by RTB's terms; listing a spouse for BDAR access does not itself establish RTB coverage. Members requesting RTB family benefits must provide any spouse/household details required by RTB at enrollment.

9. Safety, eligibility and conduct

All members and guests must present required identification, execute current range waivers, comply with posted range rules and staff instructions, and meet applicable age, training and legal eligibility requirements. No membership authorizes unlawful firearm possession or use. BDAR may deny access or immediately suspend or terminate membership for unsafe conduct, threats, harassment, intoxication, unlawful behavior, fraudulent enrollment, material rule violations or nonpayment. BDAR will consider refunds of unused prepaid dues in accordance with applicable law and the circumstances; initiation fees remain subject to Section 1. Membership is personal, nontransferable and not available for commercial instruction or resale without written approval.

10. Scheduling, changes and closures

Operating hours, lane availability, training schedules, equipment, guest policies and facility privileges may change for safety, maintenance, staffing, legal compliance or business operations. BDAR may revise future membership pricing or material benefits with advance notice as required by applicable law; changes will not retroactively increase an already-paid annual membership term without agreement. Members may request tier changes; any resulting price, initiation-fee treatment and effective date must be confirmed in writing. The special no-additional-initiation-fee transition offer expires December 31, 2026.

11. Assumption of risk and liability

Firearms activities involve inherent risks of serious injury, death and property damage. All participants must complete BDAR's separate current liability waiver and follow safety procedures. This agreement does not replace that waiver and does not waive claims that cannot lawfully be waived, including claims arising from conduct for which Minnesota law prohibits waiver. Members are responsible for damage caused by their intentional misconduct or negligence to the extent permitted by law.

12. Communications, privacy and agreement

The member consents to receiving membership-related notices, receipts, billing notices and safety communications through the contact information provided, subject to applicable law and communication preferences. BDAR may share information reasonably necessary to administer payment processing and elected RTB benefits, subject to applicable privacy requirements and RTB enrollment consents. The signed enrollment form and any recurring-payment authorization must reflect the member's selected monthly or annual billing arrangement and any RTB or family add-ons. The published 2027 benefit schedule, the signed membership selection form, applicable range rules, separate waiver, separate payment authorization and RTB member terms (for participants) govern their respective subjects. The signed selection form identifies the member's chosen tier and add-ons. If a promotional summary conflicts with this agreement concerning billing or cancellation, this agreement controls except where law requires otherwise. If a provision is unenforceable, remaining provisions continue to apply. Minnesota law governs to the extent legally permitted.

13. Acceptance of membership terms

These Terms & Conditions are incorporated by reference into the Best Defense Armory & Range Membership Enrollment & Agreement. By completing and signing that agreement, the member acknowledges having been provided access to these Terms & Conditions and agrees to be bound by them. The member's selected membership level, optional benefits, applicable fees, and payment arrangements are documented in the signed Membership Enrollment & Agreement and accompanying payment authorization.
