Parent Conference Prep Guide

Parent-teacher conferences move quickly. Asking the right questions helps you uncover what's really happening and ensures your child's needs are heard. Here are 7 questions to bring with you. Print this list and keep it handy.

1. How does my child's performance compare to grade-level expectations?
2. Do you see signs of struggle beneath the surface of good grades?
3. What strengths stand out in the classroom?
4. What supports are already in place, and how well are they working, how do we know they are working?
5. How do we know if my child is making progress and is that adequate?
6. What can we do at home that reinforces classroom goals?
7. What next steps would you recommend if progress isn't where it should be?

You don't have to navigate conferences alone.

PMV Educational Advocacy empowers you to turn data into action, prepare for IEP/504 conversations, and walk into meetings with clarity and confidence.

**When you're ready to move from questions to clarity,
we're here to guide the way.**
