All parents, students and staff will sanitize their hands upon entering the building. A sanitizing station will be available in each vestibule. Masks are required to be worn by all parents, students and staff upon entering the building. Masks must be worn at all times by parents, students and staff when not physically dancing in class [bathroom breaks, lobby areas] The conference room is available as a snack and break room. If you have siblings that need a snack please eat that in the conference room with one family at a time in order to maintain social distancing while eating. ALL students are required to bring into class a bucket or small bag in which they can store their mask during class time, hand sanitizer for individual use during class time, water bottle, and any other necessary shoes or clothing for class. The dancers will keep this container of personal items with them in their dance islands during class.

Please note: While masks are not required to be worn by faculty or students while engaged in class, there may be times in class when the students are asked to wear their masks. **For example, across the floor work and acro-aerial silks when spotting is required.**

In order to adhere to state guidelines, some class times may need to be shortened to provide adequate time for studio sanitization. These class times may be modified, extended or shortened, if and when state guidelines suggest new protocol. *Tuition rates will stay the same for all in-studio classes listed.*

DanceWorks Movement Design, LLC is committed to providing a safe and healthy dance education experience for every family. All faculty members have completed studio protocol training. VIRTUAL CLASSES ONLINE [ZOOM]-

A 10% tuition discount will be given to all virtual classes.

This does not apply to students that cannot be in studio due to illness. Those students may still participate in class from home via zoom at their regular tuition rate, until they are able to return physically to the studio for class.

Most classes will have a zoom access link available within the parent portal. This will appear as a green camera icon listed under your daily class options. If your child is sick, runny nose, cough, fever, ect. they will not be permitted into the studio. We understand that students often feel up for dancing before all symptoms have subsided. In those cases families may continue to participate in their regularly scheduled classes safely from home via ZOOM.

*Due to the apparatus involved in aerial silks classes, students may ZOOM from home if unable to physically attend class in studio, but only for the ACRO conditioning segment within class.

DANCEWORKS OF ART RECITALS AND PERFORMANCES-

We will be offering several performance options for students to participate in this season. While we are hopeful that these will occur, we cannot guarantee this, as COVID-19 guidelines are in place, the studio will be following all safety recommendations from the State of NH and CDC. If necessary, we may elect to provide an in-studio performance option, or virtual performance options if a live theater performance isn't possible. In extreme cases, a performance may be cancelled entirely if it proves to be impractical to continue with that scheduled event.

DanceWorks Movement Design, LLC will make every effort to provide performance opportunities to our families.
