← CORDS START HERE

1. open your leather cover like a book
2. thread your first cord out through hole 1 and then back in through hole 2
3. repeat at the bottom! out through hole 3 and then back in through hole 4
4. connect the ends by tying them together in the middle + repeat for the other 2 cords
5. open your first insert in the middle + tuck it under your first cord so the cord holds it in place
6. repeat for your next insert!

thread your cord into both holes  
from the outside of your journal  
and then tie your knot inside
