WELCOME TO NIGHT & DAY FURNITURE

At Night & Day Furniture, we believe that smartly designed furniture is an extremely valuable asset. Our product assortment essentially revolves around sleep solutions specializing in space saving solutions in the following categories: youth and adults bedrooms, bunk beds and accessories, Murphy Cabinet beds, desk beds, convertible sleepers, and Futon frames.

The Night & Day Furniture product line is manufactured in our own factories located in Malaysia and Indonesia. We use “Para” wood, also known as “Rubberwood”, which are plantation grown hardwoods, harvested and managed through systematic planting and replanting programs.

We provide information and support through product videos, virtual tours, point of purchase (POP), online product dimension specifications and clear line drawing product assembly instructions to enhance both the retailer and the customer experience.

The core principles at Night & Day Furniture are to strive to do business based on the following core principles QUALITY...VALUE...AVAILABILITY and SERVICE.

The team at Night & Day Furniture has been designing and manufacturing furniture for over 30 years. We know what it takes to build quality furniture. Our QC teams are based at the factories in Malaysia and Indonesia allowing them to inspect product throughout the production process.

Our mission: “The perfect sleeping solution for small spaces in today’s home designs”

Small Enough to Know You... Large Enough to Serve you!

SPICES COLLECTION

- *Certified plantation grown hardwood construction*
- *Bed rails can be set up in two heights 13.5" or 16"*
- *Choose the complete bed or headboard with adapter kit option*
