1. Extended Legrest

Benefits

Legrest has an additional part that tucks under the seat that gives our guests more leg support.

2. 2-Position Reclining

Benefits

2-Position tilt back mechanism allows you to choose from for your comfort while reading, watching a show, or just relaxing. Have the look of a stationary chair with the hidden secret that it reclines.

3. Frame Cross Supports

Benefits

2 Solid Wood Cross Supports with Steel Brackets connect the arms of the chair to prevent splaying and separation from the rest of the chair. This is also why La-Z-Boy can offer a **Limited Lifetime Warranty** on the frames, springs, and mechanism parts.

Additional Standard Features

1. Removable Back with Cam-Locking Mechanism.
2. Contoured-Cut Polyurethane Foam.
3. No Sag Front to Back Seat and Back Springs.

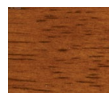

Limited Lifetime Warranty –
Lifetime on parts for springs, mechanism, and frame, **1 Year** on labor.

1 Year Warranty- foam, fabric, and leather.

1. 2-Button Control

Benefits

Simple up & down buttons. **Bronze Series** has LED backlit buttons. This provides our guests easy accessibility to comfort. Stop anytime and enjoy the quiet motors.

Lift/Decline
Lift & Returns
chair to upright
position.

Recline
Raises footrest
and reclines
back.

2. 1 Motor

Benefits

1 motor controlling a smooth operation from lift through a full recline. Easy to service for out guests. **Battery backup** requires (2) 9-volt batteries, not included. Will bring user back to upright position for 1 rotation in case of power outage in the home (Not product failure). This prevents our guests from being stuck in the chair. Will need to replace batteries after single usage.

3. Storage Pocket

Benefits

Gives our guest the ability to have additional storage and to keep the remote when not in use.

4. Legrest Safety Springs

Benefits

Safety first! Quiet motors comes standard with safety springs on our power legrest, so kids, pets, and loved ones don't get hurt.

No Battery Packs allowed on ALL Lift Recliners.

Reclining Chair – Press Back

265

Wall Proximity – 10” to 12”

Issued: November 2025

1. Independent Reclining Back & Seat

Benefits

Recline with fluid movement and keep continuous lower lumbar support. Stretch your back and even pair this reclining chair up with an ottoman! Also known as the La-Z-Boy “Slouch” position.

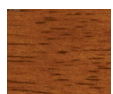

2. Wingnut Back Tension Adjustment

Benefits

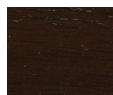

Customizes the recliner to the guest’s personal height and strength. Flipping the chair forward, access the wingnuts (one on each side) under the chair. Tightening the wingnuts creates greater tension for taller people, loosening reduces tension for shorter people.

Increases foam warranty from 1-year to 3-years.

3. Front to Back No-Sag Springs – Seat and Back

Benefits

No-Sag seat springs run front to back eliminating the “hammock” effect. Creating a supportive wear in effect, not wear out.

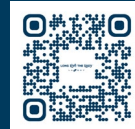

Additional Standard Features

1. OSB, hardwood solids and laminated hardwood frame construction.
2. Removable Back with Cam-Locking Mechanism.
3. Contoured-Cut Polyurethane Foam.

Limited Lifetime Warranty –

Lifetime on parts for springs, mechanism, and frame, **1 Year on labor.**

1-Year Warranty - foam, fabric, and leather.

1. One-Touch Recline Button with USB-A

Benefits

With one touch of the front button, bring the legrest up. Press the same button to stop it wherever you would like. Press the back button once to close or adjust the legrest down. Customization with a touch of a button, plus a USB-A port with each recliner!

3. Pivoting Legrest

Benefits

The pivoting legrest gives the user the ability to angle the legrest to the comfort position they desire based on leg length or how they will sit.

2. Reclining Inside Back & Seat

Benefits

When going into a recline, the legrest will come out of the sofa. Acting like a “hidden ottoman” to give the look of a Stationary Sofa with the ability to put your feet up. The inside recline raises and tilts the seat to have your guest sit comfortably with continuous back support. La-Z-Boy’s only true zero wall clearance recliner. Guest’s can place right up to the wall or have it free float with floor outlets or available Battery Packs (additional Charge).

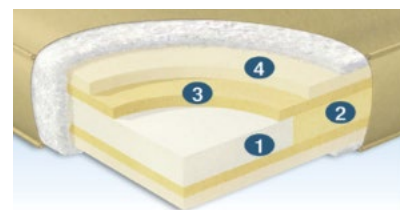

Additional Standard Features

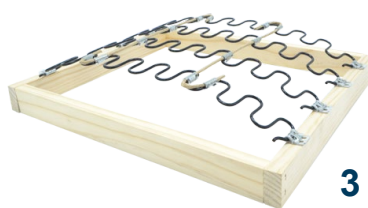

1. Fully Padded Interlocking Frame Construction
2. Comfort Core Seat Cushion
3. Front to Back No-Sag Springs –Seat and Back
4. Oxygenated Poly Fill – Toss Pillows and Back Cushions (Tight Back-Excluded)

Gliding Recliner

017

Wall Proximity – 12” to 14”

Issued: November 2025

For Video
Demonstration
[Click Here](#)

1. Independent Reclining Back & Seat

Benefits

Recline while gliding without engaging the legrest with continuous lower lumbar support. Stretch your back, soothe babies and find that just-right position at any legrest level. Also known as the La-Z-Boy “Slouch” position.

2. 1-Position Dual Locking Legrest

Benefits

The Gliding Recliner comes with a 1-position dual locking legrest. Dual locking legrest means it's safe for use with kids & pets. It won't collapse when pressure is applied. Using the comfort selector to raise & lower the legrest also prevents, “foot droop”. With the quiet closing legrest, this is a popular mechanism in nurseries.

Comes Standard with SWIVEL BASE
360-degree, ball bearing, circular base.
Available on select styles.

3. Speed Nut Back Tension Adjustment

Benefits

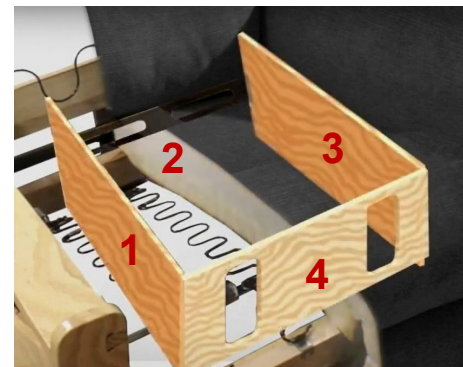

Customizes the recliner to the guest's personal height and strength. Flipping the chair forward, access the wingnuts (one on each side) under the chair. Tightening the speed nut creates greater tension for taller people, loosening reduces tension for shorter people.

4. Four-Sided Unibody Frame

Benefits

La-Z-Boy invented the four-sided unibody frame which has a fourth, front side resulting in greater stability and durability. Back (Side 2) is constructed of steel for a shorter wall allowing a full recline position while maintaining structural integrity. When getting in and out of the chair, the box style frame prevents arms from splaying and separating.

Additional Standard Features

1. Removable Back with Cam-Locking Mechanism.
2. Contoured-Cut Polyurethane Foam.

Limited Lifetime Warranty –
Lifetime on **parts** for springs, mechanism,
and frame, **1 Year** on **labor**.
1 Year Warranty- foam, fabric, and leather.

1. Articulating Backrest

Benefits

Helps our guest and caretaker assist in standing up. The backrest will start to straighten out as the seat is lifting for additional support and stability.

2. Storage Pocket

Benefits

Gives our guest the ability to have additional storage and to keep the remote when not in use.

3. Independently Reclining Back and Legrest

Benefits

Gives our guest customized comfort positions. Can sit and recline without having to raise the legrest.

4. Vibration with Heat and Massage

Benefits

This provides our guests easy accessibility to comfort with a touch of a button. The massage has 3 different vibration patterns with 3 different intensity levels. The vibration is wonderful for circulation. The heat setting is in the seat and the back with 2 different heat intensities which is great for sore muscles and replaces the need for a heating pack or if you naturally run cold. The heat and vibration will shut off automatically after 15 minutes. Guest may run 2 cycles before the motor will need an hour for cool off period before use again.

5. Safety Spring Legrest

Benefits

Safety first! Quiet motors comes standard with safety springs on our power legrest, so kids, pets, and loved ones don't get hurt.

No Battery Packs allowed on ALL Lift Recliners.

High-Leg Swivel Chair

210

Wall Proximity – 6” to 12”

Issued: November 2025

1. Fully Padded Interlocking Frame

Benefits

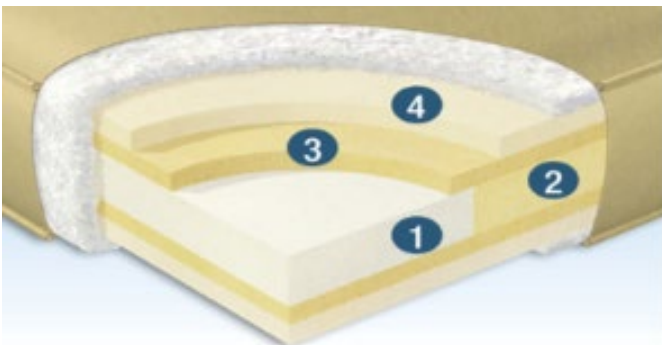

La-Z-Boy's fully padded frames provide protection for us and our loved ones. With additional padding, the material drapes beautifully, tailored all around, reducing wear and tear and allows for free floating in the room. The interlocking frame, made of OSB, hardwood solids, and laminated hardwood construction, offers strength and durability. **Plus**, it comes with a Limited Lifetime Warranty on the frame, springs, and mechanism.

2. Comfort Core Seat Cushion

Benefits

The Comfort Core seat cushion features four zones of varying comfort layers. The back two-thirds are firmer for enhanced back support, while the front third is softer to prevent circulation cutoff behind the knees. Additional contour cut foam layers offer extra supportive comfort. Seat cushions come with self-healing zippers in case of a popped zipper from a guest. Zipper has a no snag envelope casing to protect the cushions from snags.

- Zone 1 – Richfoam HD Core
- Zone 2 – Qualux Ultra HR Core
- Zone 3 – Qualux HR Casing
- Zone 4 – Hypersoft Foam

3. Logo Seat Decking

Benefits

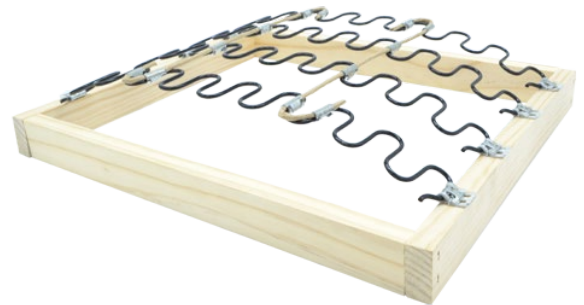

La-Z-Boy's logo decking keeps seat cushions in place when going from a seated position to standing. The decking also keeps the cushions lined up for a tailored appearance.

4. Front to Back Springs

Benefits

No-Sag seat springs run front to back eliminating the “hammock” effect. Creating a supportive wear in effect, not wear out.

5. High-Leg Swivel Base

Benefits

Swivel only high-grade steel plate (**no rocking**) with 360-degree ball bearings allows for smooth swivel operation. All while on high legs to create an open and airy environment.

Z6

COMFORTCORE® PLUS CONTOUR CUSHION

The La-Z-Boy® ComfortCore® with Contour Cushion is as personal as comfort gets. Made from a durable, temperature-resistant foam that contours to your body and your comfort needs, it provides superior relaxation made to last.

Increases foam warranty from 3-years to 5-years.

DC

COMFORTDOWN CUSHION

Cloud-like softness and layers of support create your dream retreat. A plump, feathery blend tops resilient foam surrounding an individually pocketed coil core for coziness and support that feels as inviting as it looks.

Increases foam warranty from 3-years to 5-years.

Additional Standard Features

1. Oxygenated Poly Fill – Back cushions

Limited Lifetime Warranty –

Lifetime on parts for springs, mechanism, and frame, **1 Year** on labor.

3-Year Warranty - Comfort Core Seat Cushion.

1-Year Warranty- All other foam, fabric & leather.

Power La-Z-Motion™ with Headrest 81U, 84U, 85U, 88U, & Modulares

Wall Proximity – 9”

Issued: November 2025

1. Power Recline and Adjustable Headrest

Benefits

Easy to use! Press to recline legrest, continue pressing to recline backrest. **15 second recline speed with a 15 second return.** No need for a pillow - at the touch of a button you get almost unlimited customized comfort positions to support your neck and head.

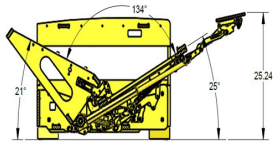

Recline Toggle

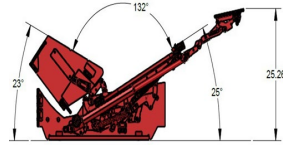

2. Zero-Gravity Layout

Benefits

This position can help improve blood circulation by allowing the heart to pump blood through the body more easily. **Zero-Gravity** may also help reduce back pain and improve posture by decompressing the spine, reducing muscle tension through a neutral posture that reduces pressure points.

810 Quinault, 811 Acadia, & 813 Clybourn

812 Armitage

3. Inside Arm Control w/Home Button and USB

Benefits

Customizable comfort positions. Easy to use, 2-Button rocker switch. **Additional press and hold Home button.** Quiet motors with USB-A & C ports to charge your devices.

4. La-Z-Motion™ Seat Poly Construction

Benefits

27lb. Core coupled with 44lb. foundation layer underneath the seat and a 27 lb. foundation underneath the legrest to promote a supportive yet cozy seating experience.

5. Safety Springs – Headrest and Legrest

Benefits

Safety comes first at La-Z-Boy, because of how quiet our motors are we have safety springs on our power headrests and legrests, so kids and pets don't get hurt.

Armitage 812 **does not** have Safety Spring Headrest. Lay flat headrest when fully closed leaves enough space to avoid injury and meets industry safety standards.

BATTERY PACK

Add a rechargeable lithium-ion battery pack to power recliner styles to allow for cordless operation anywhere in the room.

1-Year Warranty on Battery Pack.

1. Independent Reclining Back & Seat

Benefits

Recline while rocking without engaging the legrest with continuous lower lumbar support. Stretch your back, rock babies and finding that just-right position at any legrest level. Also known as the La-Z-Boy “Slouch” position.

2. Spring Release Footrest

Benefits

Easy to reach, easy to use and discreet styling. No need to pull the spring release lever to lower the footrest, simply make sure nothing is under the legrest then gently press down with your legs until it latches in place. 1 legrest position.

3. Legrest Tension Adjustment

Benefits

Three legrest tension settings accommodate each person's height & strength. There are two adjustments that are accessible under each legrest. Turn each one to the right for more tension or left for less tension. Gives each recliner the ability to customize the tension to the user.

4. Wingnut Back Tension Adjustment

Benefits

Customizes the recliner the guest's personal height and strength. Flipping the chair forward, access the wingnuts (one on each side) under the chair. Tightening the wingnuts creates greater tension for taller people, loosening reduces tension for shorter people.

5. Front Foot Levelers

Benefits

Gives the ability to adjust the height up to an inch for area rugs, carpet, or hard flooring. Enables for smooth legrest raising and lowering without obstruction.

Additional Standard Features

1. Removable Back with Cam-Locking Mechanism.
2. Contoured-Cut Polyurethane Foam.

Limited Lifetime Warranty –

Lifetime on parts for springs, mechanism, and frame, **1 Year** on labor.

1-Year Warranty - foam, fabric, and leather.

Ottomans

024, 240, 245

Wall Proximity – 0”

Issued: November 2025

1. Fully Padded Interlocking Frame

Benefits

La-Z-Boy's fully padded frames provide protection for us and our loved ones. With additional padding, the material drapes beautifully, reducing wear and tear and allows for free floating in the room. The interlocking frame, made of OSB, hardwood solids, and laminated hardwood construction, offers strength and durability. **Plus**, it comes with a Limited Lifetime Warranty on the frame, springs, and mechanism.

2. Contour Cut Poly Foam

Benefits

La-Z-Boy's ottomans have contour cut foam cut to specifications for every style to bring additional comfort to your guest's legs.

Each Ottoman is Unique!

Benefits

La-Z-Boy's well-rounded selection of ottomans make great places for legs while some have hidden features such as storage, trays, casters, and vents!

Extra Storage for pillows, toys, and throws!

Vents to prevent mold and protect loved ones who happen to get inside.

Trays to give an extra table for drinks, games, or décor.

Casters to easily move from one side of the room to the other.

Additional Standard Features

Limited Lifetime Warranty –

Lifetime on parts for springs, mechanism, and frame, **1 Year on labor.**

1-Year Warranty- All foam, fabric & leather.

1. Box Mechanism Cover

Benefits

Gives a finished look from all angles and prevents dust from getting into the motors.

2. Storage Pocket

Benefits

Gives our guest the ability to have additional storage and to keep the remote when not in use.

3. Independently Reclining Back and Legrest

Benefits

Gives our guest customized comfort positions. Can sit and recline without having to raise the legrest. There are separate motors for each function reducing wear and tear on the lift chair.

4. Legrest Elevates to Zero Gravity

Benefits

The **Zero Gravity position** helps to alleviate swelling and is great for circulation.

5. Headrest & Legrest Safety Springs

Benefits

Safety first! Quiet motors comes standard with safety springs on our power headrest (1PH) and legrest, so kids, pets, and loved ones don't get hurt.

No Battery Packs allowed on ALL Lift Recliners.

2. 3-Position Dual Locking Legrest

Benefits

3 legrest heights to select for your comfort positions. Dual locking legrest prevents “foot droop.” Safe for use with kids & pets and it won't collapse when pressure is applied. You must use the comfort selector to rise legrest to third position to lower the legrest.

3. 16-Position Ratchet Tilt

Benefits

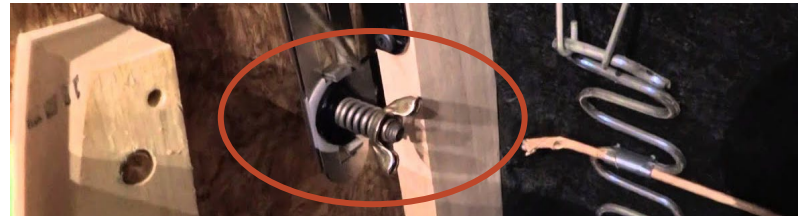

With the 3-position legrest, independent reclining back and seat, and 16-position ratchet, get almost limitless reclining positions. Elevate your feet higher than your heart in which is great for circulation and takes pressure off your lower back.

4. Wingnut Back Tension Adjustment

Benefits

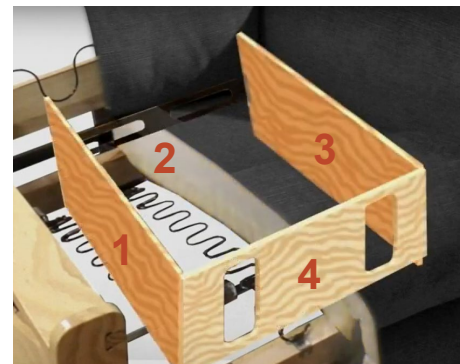

Customizes the recliner to the guest's personal height and strength. Flipping the chair forward, access the wingnuts (one on each side) under the chair. Tightening the wingnuts creates greater tension for taller people, loosening reduces tension for shorter people.

5. Four-Sided Unibody Frame

Benefits

La-Z-Boy invented the four-sided unibody frame which has a fourth, front side resulting in greater stability and durability. Back (Side 2) is constructed of steel for a shorter wall allowing a full recline position while maintaining structural integrity. When getting in and out of the chair, the box style frame prevents arms from splaying and separating.

Additional Standard Features

1. Removable Back with Cam-Locking Mechanism.
2. Contoured-Cut Polyurethane Foam.

Limited Lifetime Warranty –
Lifetime on parts for springs, mechanism, and frame, **1 Year on labor.**
1-Year Warranty - foam, fabric, and leather.

1. Saddle Seat Construction

Benefits

Comfortable seating, sits like a sofa without a sleeper. We've recessed the frame of the bed so when sitting next to an arm, one doesn't feel a bar.

2. Tubular Steel Sleep Mechanism

Benefits

Lightest, most durable shape that won't scratch floors, collapse or injure guests

3. Trampoline Decking

Benefits

Supports mattress above the bars for a comfortable sitting and sleeping surface.

4. Cross-Wire Mattress Support

Benefits

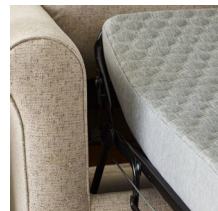

Elevates the mattress above the support bars - no bars in your back, which means better nights sleep for your guests!

5. Dual-Locking Headrest w/Mattress Retainer

Benefits

Accessible from either side of the mattress, tilts the headrest up for reading, watching TV, or to elevate one's head while sleeping. Pull up to lock in place, pull back up to unlock. Mattress retainer keeps the mattress in place, so guests don't end up on the floor

Additional Standard Features

1. Fully Padded Interlocking Frame Construction
2. Comfort Core Seat Cushion
3. Oxygenated Poly Fill – Toss Pillows and Back Cushions (Tight Back-Excluded)
4. Quilted Damask Mattress Topper

Mattresses Sizes

32" W (Twin), 50" W (Full), & 60"W (Queen)
ALL Mattresses will be 71.5" in length

Limited Lifetime Warranty-

Lifetime on **parts** for springs, mechanism, and frame, **1 Year** on **labor**.

1-Year Warranty- All other foam, fabric & leather.

1. Fully Padded Interlocking Frame

Benefits

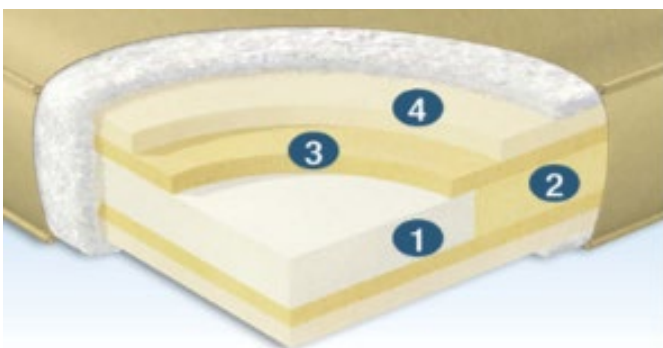

La-Z-Boy's fully padded frames provide protection for us and our loved ones. With additional padding, the material drapes beautifully and is tailored on all sides, reducing wear and tear and allows for free floating in the room. The interlocking frame, made of OSB, hardwood solids, and laminated hardwood construction, offers strength and durability. **Plus**, it comes with a Limited Lifetime Warranty on the frame, springs, and mechanism.

2. Comfort Core Seat Cushion

Benefits

The Comfort Core seat cushion features four zones of varying comfort layers. The back two-thirds are firmer for enhanced back support, while the front third is softer to prevent circulation cutoff behind the knees. Additional contour cut foam layers offer extra supportive comfort. Seat cushions come with self-healing zippers in case of a popped zipper from a guest. Zipper has a no-snag envelope casing to protect the cushions from snags.

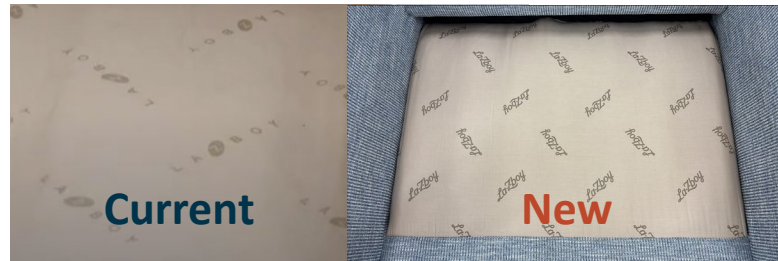

- Zone 1 – Richfoam HD Core
- Zone 2 – Qualux Ultra HR Core
- Zone 3 – Qualux HR Casing
- Zone 4 – Hypersoft Foam

3. Logo Seat Decking

Benefits

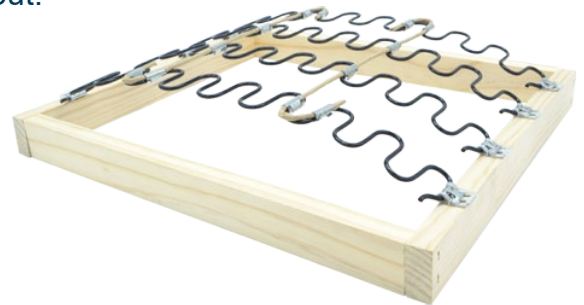

La-Z-Boy's logo decking keeps seat cushions in place when going from a seated position to standing. The decking also keeps the cushions lined up for a tailored appearance.

4. Front to Back Springs

Benefits

No-Sag seat springs run front to back eliminating the “hammock” effect. Each person gets their own seat system. Creating a supportive wear in effect, not wear out.

5. Oxygenated Poly Fill

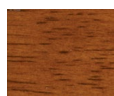

Benefits

The Oxygenated Poly Fill, has a “corkscrew” shape, keeping pillow and cushion shape with easy maintenance. Standard fill for our toss pillows and back cushions (except tight back). To fluff them up, simply remove one insert at a time and tumble dry with NO heat.

Wall Recliner

016

Wall Proximity – 4” to 8”

Issued: November 2025

For Video
Demonstration
[Click Here](#)

1. Independent Reclining Back & Seat

Benefits

Recline without engaging the legrest with continuous lower lumbar support. Stretch your back and find that just-right position at any legrest level. Also known as the La-Z-Boy “Slouch” position.

2. 3-Position Dual Locking Legrest

Benefits

3 legrest heights to select for your comfort positions. Dual locking legrest prevents “foot droop.” Safe for use with kids & pets and it won't collapse when pressure is applied. You must use the comfort selector to rise legrest to third position to lower the legrest.

3. Track & Wheel Reclining Mechanism

Benefits

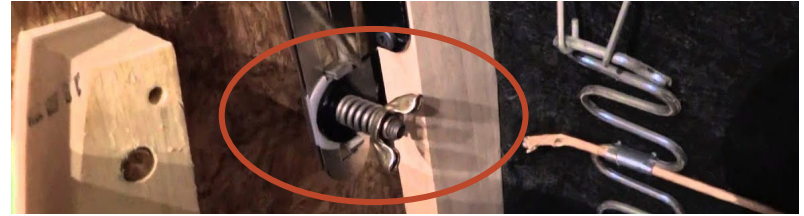

The Wall Recliner's metal track & wheel system mechanism allows the recliner to move away from the wall while providing stability of a non-rocker. Provides the ability to get a full recline in tight spaces.

4. Wingnut Back Tension Adjustment

Benefits

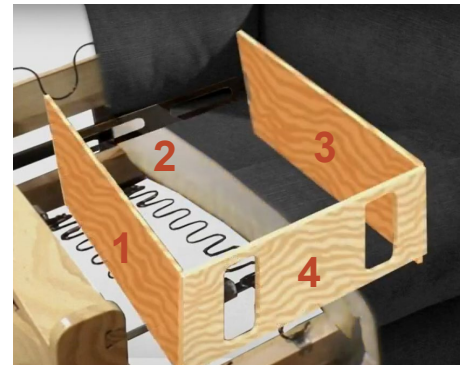

Customizes the recliner to the guest's personal height and strength. Flipping the chair forward, access the wingnuts (one on each side) under the chair. Tightening the wingnuts creates greater tension for taller people, loosening reduces tension for shorter people.

5. Four-Sided Unibody Frame
