## We Are Best Home Furnishings.

**E**stablished in 1962 and based in Ferdinand, Ind., Best Home Furnishings is one of the largest furniture manufacturers in the world, committed to creating the best quality sofas, chairs, recliners and glide rockers at the most affordable price. Family owned and operated, Best has more than a million square feet of manufacturing space in five southern Indiana locations. The combination of the company's six "Power of Best" standards — quality, speed, selection, made in the USA, value and over 55 years — are unmatched by any other upholstered residential furniture manufacturer.

THE POWER OF  
**BEST**

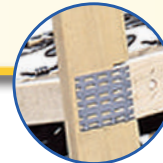

The combination of the company's six  
"Power of Best"  
standards are unmatched by any other  
upholstered furniture manufacturer.

We work hard to ensure your profits are not eroded through unnecessary service issues after the sale has been made!

- Hardwood frame parts using native trees provide the backbone to a sturdy frame.
- Fully automated computer scan and cut systems process nearly 20 miles of lumber per day to read and cut out defects.
- Joints are doweled, screwed, glued, stapled and corner blocked.
- High stress points are reinforced with deep penetrating truss plates.
- Best employs over 60 seasoned upholsterers with an average of 16+ years of experience.
- Sewing inspection utilizes an 18 point checklist ranging from seam allowance to the number of stitches per inch.

THE POWER OF  
QUALITY

A lot of suppliers tout their quick-ship programs which feature several products in a few fabrics, all available in several weeks or less. At Best Home Furnishings, we offer thousands of styles, covers and finish combinations all produced in days, not weeks; the industry's fastest turn around times. Depending on where your store is located, you may receive your shipment in less than two weeks!

That's not a quick-ship program,  
that's a quick-ship company.

Increase your ROI - Decrease your inventory – Improve cash flow!!!

THE POWER OF  
SPEED

Thousands of products.  
Hundreds of fabrics and leathers.

**Need we say more?**

*Proudly built with fine southern Indiana craftsmanship.*

For over 55 years, Best has employed some of the hardest working, most skilled citizens of this great country. Our 985+ U.S. workers are responsible for the promise that is our name. Best Home Furnishings.

**We are the value leader.**

A simple, yet powerful philosophy is the foundation from which Best Home Furnishings was built. Our legendary quality standards are just as evident today as they were over 55 years ago. Close relationships with vendors and tight, efficient manufacturing processes allow us to remain very price competitive.

# CHAIRS | Best supporting role.

Whether it's kids, pets, or your everyday lifestyle, family friendly performance fabrics by Best Home Furnishings will keep you covered. The construction on the inside and cleanability on the outside, we will ensure that new look, every new day. Best offers one of the largest selections of performance fabrics in the industry. We understand accidents happen, but stains shouldn't have to.

## Performance Fabrics

Opti•Clean's technology is a performance system encasing every fiber to ensure cleanability. This protective layer deters liquid from penetrating the surface of the fabric, and allows time for clean up before it becomes a stain. Optic•Clean fabrics are soft to the touch, family friendly, easy-to-clean, and stain resistant.

Revolution fabrics are made in the USA with upcycled fibers and have no chemical treatments. They are virtually unstainable, easy to clean, and extremely durable; yet beautiful and soft. They are resistant to fading from the sun, and are considered bleach safe.

Infinesse branded performance fabrics are made of nylon fibers, which are inherently stain and fade resistant, and antimicrobial. Spills bead up on the surface of the fabric and allow time for clean up before they set in. It is pet-friendly and does not absorb smells, soft to the touch, and has a heavy duty wear story. Infinesse is eco friendly and Oeko-Tex certified.

# GLIDERS |

From baby's room to the great room to heirloom.

A mother cradling her newborn, the quiet back-and-forth motion lulling him to sleep, or a grandmother reading a favorite childhood book to an eager toddler. These are the serene moments that Best Home Furnishings Glide Rockers are made for. Over the years, countless caretakers and storytellers have trusted Best Glide Rockers for the longest, smoothest glide available. If you're looking to create your own tradition of tranquil moments, select a Best Glide Rocker and ottoman for that familiar "float-on-waves" feeling you knew as a child.

Longest glide.  
Smooth operation.  
Timeless style.

# The only gliders worthy of being called Best.

**LONGEST GLIDE IN THE INDUSTRY**
