

England

FURNITURE CO.

a L A Z B O Y[®] company

a L A  B O Y company

England Furniture Company, like many businesses today, started from humble beginnings. In 1964, England began with 3 employees and has since grown to employ over 1,400 people in East Tennessee, operating with over 1,000,000 square feet of manufacturing space. A recent expansion into Dryden, Virginia created even more job opportunity for those who call Southwest Virginia and the Appalachian region home.

At England, we work with talented craftsmen, who like the generation before them, continue the time-honored tradition of making quality, custom furniture. Each piece is carefully inspected to ensure that everything meets the standards that England has built its reputation on for over 50 years.

Having long been recognized for our quality, customer service, and rapid delivery system, England attracted the attention of La-Z-Boy Incorporated and in 1995 England was integrated into their family of companies.

The art of making handmade furniture is alive in Tennessee and we are proud to bring this tradition to your home.

WELCOME TO TENNESSEE.
WELCOME HOME.

Welcome to the family! Follow our social media accounts to learn about new products, home inspiration and current trends. Post a picture of your new furniture with #Englandfurniture for a chance to be featured on our feed.

Do you love your furniture? Support us with your reviews on Google.

A close-up, black and white photograph of the American flag, showing the stars and stripes in detail. The flag is positioned on the left side of the frame, with the rest of the background being a blurred, light-colored sky.

AMERICAN MADE BY FAMILIES FOR YOUR FAMILY.

Our dedicated and skilled Tennessee craftsmen and craftswomen build each piece of furniture custom for you and built to last a lifetime.

Our passion is for the story that our furniture tells when quality, craftsmanship, and hard work come together - that is the England difference.

We believe in using materials of integrity and offering family-friendly products at affordable prices.

Our Employees put their hearts into their work every day to ensure you are receiving the best quality of products.

CUSTOM
for **YOU**

UNCOMPROMISING CRAFTSMANSHIP

Our frames are built strong, in fact it is the strength that allows us to offer a limited lifetime warranty with every product we manufacture. Still, we wondered what we could do to go the extra mile for our customers. For additional support, we created a resilient spring foundation, Coil Core, that will hold up to years to come.

Without a doubt the one area on a sofa that gets the most wear is the seating surface. Cushion performance will determine the effective life of your furniture, that's why we offer two cushion options backed with a 10 year cushion warranty.

We have spent over 55 years perfecting our product to make sure you receive the very best. Here's how we do it.

Back springs provide extra support and comfort.

3/4" or 7/8" furniture grade plywood

Our cushion vents allow the cushions to "breathe". This helps the cushion expand and compress with daily use.

Seat springs spaced closer together; and ends double sprung for added durability.

We use a generous amount of foam in our cushions. Using high density foam and limited use of polyester fiber gives the cushion more loft and resiliency.

Coil Enhanced Foam Cushions is a revolutionary design that incorporates the comfort of foam with the resilience and support of hand sprung tempered steel springs.

With the exception of leather styles, our cushions are fully reversible. Rotating your cushion will extend its life and help reduce the appearance of wear on cushion casings.

Need additional support? At England we created a resilient spring foundation that will hold up to years of use. By strategically placing tornado coils under seat springs, We call this coil supported spring foundation Frame Coil Core.

Perpendicular joints notched for increased frame strength.
