

FLEXSTEEL®

POWER LIFT RECLINERS

The power you  
need to elevate  
your lifestyle.

# Find comfort in motion

Recline and rise in complete comfort and confidence with power lift recliners that integrate superior style with ultimate performance. With a range of features to help fine-tune your positioning and sizing options created with your frame in mind, Flexsteel power lift recliners bring relaxation and accessibility where it matters most.

**Featured Lift Recliners**

Bottom image: Kenner

# Power your posture

Recharge your entire body with the simple touch of a button. Read, relax, converse, or watch TV in total comfort with powered adjustment options that provide independent support for your head, neck, feet, and lower back.

## Power Lumbar

Precisely place additional support for the lower back region with powered adjustments.

## Power Headrest

Find the perfect angle and amount of head support for all your lounging activities.

## Lay Flat Technology

Relieve tension and pressure and achieve sound sleep with the ability to recline in a flat position.

### Lift-Assist Technology

Effortlessly rise into a standing position with gentle and smooth powered assistance.

# Rest in confidence

When mobility is an issue, a Flexsteel power lift recliner offers all the advantages of relaxed comfort with gentle assistance to support independence. Feel good about your investment knowing that the continuous comfort, performance, and convenience offered with our lift seating are designed to last a lifetime.

## **Blue Steel Technology**

At the heart of our recliner seating is our Blue Steel Spring™—a patented ribbon of steel that provides unmatched comfort and never needs replacing. This innovative spring system offers superior support for a wide range of motion, so the comfort you enjoy today feels just as good with every passing tomorrow.

### **Optional Battery Backup**

Return recliner to an upright position in the event of a power failure.

### **Charging Capability**

Keep mobile devices fully charged with a convenient USB port located in the hand control.

# Atlas Power Lift Recliner with Power Headrest and Lumbar

Model # 1913-55PH

Rise to the occasion with the Atlas Power Lift Recliner, featuring pad-over sloped arms and a buried welt detail with heavy-thread cross-stitching for a blend of comfort and style. A wide, sculpted seat and fully padded extended footrest offer ultimate comfort for big and tall users. Change angles effortlessly from an upright to fully reclined position and gain lift support to a standing position, all with the touch of a button. Independently adjust the Power Headrest and Lumbar to achieve the optimal angle and support needed for custom relaxation.

- Feel the Flexsteel difference with DualFlex Blue Spring Steel technology and High-Density Foam cushions
- Ten-button wired hand control allows for effortless transitioning between the recline and lift positions and for independent adjustments.
- A single USB port is included on the top of the hand control for charging devices.
- A home feature returns the recliner, headrest, backrest, footrest, and lumbar support to their original positions.
- Removable backs allow for easy lifting and maneuvering through doorways

# Zecliner Model 2+ Power Lift Recliner with Power Headrest, Power Lumbar, Heat & Massage

Model # 1092-55P5

Built to be the perfect family chair by day and a place for peaceful sleep by night, Zecliner Model 2+ was designed for a healthy life which starts with a healthy night's sleep. The zoned memory foam comfort areas in the backrest, seat, and shoulders; removable Technogel head pillow; adjustable heat and air massage; padded arms; and waterfall chaise provide surrounding comfort. Triple power lets you customize the footrest, headrest and lumbar positions, Zero Gravity puts you in a state of weightlessness, and power lift provides assistance when standing. Armed with a Nanobionic wellness fabric upholstery that has bio-based polymers that recycle your energy.

All the same great features from the 1092-55PH, plus:

- The warm gray Nanobionic wellness fabric contains infrared emitting minerals that recycle and enhance your body's energy, is stain-resistant and easy to clean, and has superior resistance to moisture penetration
- Soothe and relax tight muscles with the heat function in the seat and backrest, and the air massage function in the backrest
- Air massage is adjustable to three levels of intensity with the hand wand
- Features a timer that automatically shuts off heat after 30 minutes and air massage after 20 minutes
