WE SET THE BAR ON STYLE

Hillsdale began its journey specializing in designing and building hard-working barstools for any and every décor. Today, we boast more than 270 unique designs. And, we've grown to become the largest supplier of bar and counter height stools in the United States. That's because we're still committed to the integrity and quality we founded our company on over 25 years ago.

At Hillsdale Furniture, we believe quality furnishings help make a house a home. That's why we strive to design and build a diverse array of attainable furniture that suits every style. We know that your home is a reflection of your taste and lifestyle, and we want to help you express yourself through home furnishings you'll love. Our styles range from rustic and traditional to modern and transitional. We're constantly looking for fresh inspiration – both based on feedback from our customers and from travels around the world to explore emerging and Old World aesthetics.

HOME & PATIO STOOLS

A great addition to outdoor kitchens and gathering areas, these stools are available as bar or counter height, with or without swivel.

Bring the indoors **out.**

Sunbrella® fabric • Reticulated foam
Outdoor UV resin seats • UV powder coating

Hillsdale Furniture's Home & Patio Stools are excellent additions to outdoor kitchens and gathering areas.

Our Home & Patio line offers both bar and counter height options. Galvanized and stainless steel hardware along with e-coated frames protect your outdoor stools from the elements. Outdoor 360° swivel mechanisms keep you moving with ease throughout the harsh seasons. Our standard seats can be removed for winter storage or for replacements.

All Sunbrella® fabrics are engineered to combine the highest level of design and performance. For easy day-to-day maintenance simply spray the Sunbrella® fabric with a solution of water and mild soap then scrub with a soft bristle brush. Rinse thoroughly until all soap residue is removed and let it air dry.

Our Home & Patio Stools are available through our warehouse program and through our direct import programs.
