ABOUT HUGHES FURNITURE

We are proud to be an American manufacturer and operate 22 production divisions across 10 manufacturing locations with a diverse workforce of over 740 employees all in the Randleman, North Carolina area.

Hughes Furniture Industries is a family owned business started in 1963. We are committed to quality in every step of our manufacturing process. This begins with milling and drying our own hardwoods at our Asheboro, North Carolina, lumberyard facility to ensure that our frames are built to last without warping, twisting, or cracking. From there, the lumber travels to one of our Randleman frame shops where the wood is cut, shaped, and assembled into the highest quality frames available.

The foam and fiber parts, built with eco-friendly practices and recycled materials, are cut to size at one of two nearby foam processing plants. These components are then joined in one of our Randleman manufacturing centers where they are assembled into your piece of furniture.

Our fabric is sourced from around the world and selected for its quality, style and value. It is stored in our climate-controlled fabric warehouse, and is then cut, sewn and applied to create your finished piece of upholstered furniture. To prepare for shipment we wrap the furniture in cardboard wrapping and finish it off by bagging it to keep your furniture clean and protected from the elements during transportation to your door. After wrapping and preparing for shipment, each piece is then moved to our distribution center where it is loaded for delivery or staged in the warehouse as part of the Quick Ship Program, ready to be shipped within 72 hours of your order.

LIMITED WARRANTIES

The following Limited Warranties are given to the original retail purchaser of furniture manufactured by Hughes Furniture Industries, Inc. ("Hughes Furniture").
