— Comfort. Style. Durability. —

Klaussner Outdoor

Innovation That Delivers Comfort, Style and Durability

In our brief history, Klaussner Outdoor has established itself as a leading resource for outdoor furnishings for any environment or application.

That's not surprising given the experience of its management team in casual furniture and the rich history of its parent company, Klaussner Home Furnishings dating back to 1963. With a true sense of providing furnishings for every room of your home, they combine decades of making furniture for both the inside and outdoors.

Each piece of Klaussner Outdoor is built on a foundation of comfort, style and durability.

- Our seating is designed with the right scale and pitch to maximize comfort. When combined with our exclusive ClimaPlush™ quick-dry cushions nothing compares to the feel, look and function of our luxurious seating.
- Each collection is an original design offering style and detail that sets them apart from the many look-alike styles in today's marketplace. Combined with our extensive line of performance fabrics, it allows you to create a look all your own.
- The latest and most durable synthetic materials are used to create products that stand-up to the harshest elements and your day-to-day use for years to come. Combine this with the beauty of these materials and they can easily be mistaken as sourced direct from nature.

Always looking forward, Klaussner Outdoor is continually developing product innovations that have lead the way in outdoor furnishings. Our latest are:

- Cordless Outdoor Power in our new line of reclining chairs and chaise lounges providing the convenience of power to adjust your seating with the touch of a button for infinite positions. Using rechargeable power packs and weather resistant technology, power motion that's so popular inside the home has made its way outdoors.
- RealisTEAK™ offers an alternative that has all the look and feel of natural Teak. Manufactured of the latest engineered polymers RealisTEAK™ offers consistent, long-lasting color without the routine maintenance.

As you will see on our website www.klaussneroutdoor.com or in this catalog these are just a few of the features and benefits that we offer. Our full line up of furniture collections, wide range of performance fabrics and even an assortment of outdoor accessories can meet any need or desire. Our manufacturing and management team in Asheboro, NC look forward to helping you create an outdoor environment that's uniquely yours.

ClimaPlush™ Cushion

- The MOD Series -

MOD, a truly modular sectional with four different arm styles to choose from, Cava, Gita, Rosa and Ziva, is just the beginning. Choices of seating pieces range from an armless chair to an armless loveseat and sofa. This MOD sectional also includes motion with the armless chair available as a power or manual footrest for the ultimate in comfort. Add into the configuration a rectangular or square table with our exclusive RealisTEAK™ inserted top that is removable for storage or the corner wedge for additional seating, and your outdoor living space will truly be the best seat outside the house.

These endless configuration possibilities are available in two best-selling finishes Seacoast/Dune and Canyon/Shadow, and easily mix with Mesa, Mesa Accents, and Delray.

Worry-free for outdoor use, the reclining mechanisms are constructed of zinc-plated aluminum and polymer parts combined in a powdered coated assembly. The unique power drive unit including its rechargeable power pack is built as a sealed system for total outdoor use.
