A Tradition of Quality and Service Since 1963

Since 1963, Klaussner Home Furnishings has been providing quality home furnishings to consumers around the world. Our mission is simple: to provide value driven product, constant innovation, unrivaled speed and total customer satisfaction.

Klaussner is headquartered in Asheboro, North Carolina employing thousands of skilled North Carolina craftsmen in manufacturing, warehousing, distribution and in the company's corporate headquarters. With Klaussner's many Made in USA product lines, you can choose from fabric upholstery, leather upholstery, reclining furniture, sleeper sofas, and much more.

As a fashion leader, Klaussner provides a variety of reclining choices that will transform any room into your own personal home theater.

All dimensions are approximate. For loose back pieces height is measured to the back rail. For attached back pieces height is measured to the top of the back cushion.

Move with Motion

Finally, a collection that brings motion furniture out of the den and into the living room. Our reclining collections are available in a vast array of fabrics and a stunning assortment of leathers as well. From the modern, sleek designs of contemporary, to the grateful proportions and clean lines of casual, to the sophisticated look of classic, there is a collection just for you.
