## A Recipe For Comfortable Living™

It's my pleasure to introduce you to my signature furniture collection from Klaussner Home Furnishings.

If you've watched my cooking show (Trisha's Southern Kitchen) on Food Network, you know my recipes aren't fancy — more what you'd call comfort food. Well, I think of my furniture collection the same way, as comfort furniture,

furniture that's comfortable to sit on, stretch out on and put your feet up on. Furniture for the way you really live.

The furniture in my collection is straightforward, honest, simple without being plain, crafted for comfort and, like my mama's potato salad, it goes with everything. As you look at the furniture, I hope you'll be able to see the hard work we put into creating it. Every color, every surface and finish, every piece of hardware was chosen to reflect my taste and style, my love of ease and comfort.

In a way I feel like creating this collection has been my way of opening my home to the world... and I really hope you feel welcome.

Klaussner Home presents the Trisha Yearwood Home Collection. This collection is a straightforward design of classic and traditional lines combined with a finishing technique to reflect today's contemporary lifestyle. The combination of simple lines and few carvings makes this group easy to live with.

Trisha Yearwood was clear in her direction. Do not overdo it. Do not get too fancy. She demands comfort and insisted at every turn that we go simple and comfortable. Many of the designs are inspired by her various pieces in her home, but also simple designs she loves. Trisha also worked with our designer to make sure we captured the classic traditional lines that reflect her style throughout her collection.

# Coming Home

Coming Home is a collection created around the essence of home. It is the place that I share with my family and friends. It is the place I long to be at the end of the day and the peace I feel in the way it takes me in and welcomes me each time I return.

Coming Home is a collection of familiar things, tangible and intangible, that feed my soul. It's that sense of "all is well" that embraces you as you step through the doorway. It's that feeling of comfort where nothing needs to be said but you know you've just been greeted by your best friend. It's the one place in the universe where you can just be "you", surrounded by the things you love and where the people you care about are allowed "in." Coming Home is designed for creating memories in your own home.

# Jasper County

*Its graceful fluid lines are both classic and comfortable.*

The truth is, there is comfort in knowing where you come from. I'm a small-town girl whose heart has never really left home. With treasured memories around every turn, my hometown of Monticello in Jasper County welcomes me back, time and again. It's a place of dogwood-lined streets, beautiful homes and a feeling of community that resonates with my soul.

My newest home collection - Jasper County reflects that delightful sense of something familiar. Its graceful fluid lines are both classic and comfortable but updated with a fresh, contemporary finish.

*Trisha Yearwood*

## *Influence, Finish, and Hardware*

The Jasper County Home Collection reflects that delightful sense of something familiar. Its graceful fluid lines are classic and comfortable. The gentle curves and sculptural air are impactful without being fussy. Timeless silhouettes embracing the relaxed comfort of today's lifestyle.

### **790 Dogwood**

It's the best of both worlds. Balancing sophistication and livability, the soft, slightly translucent white finish highlights the dynamic character of the oak veneers. The result is a perfectly transitional modern finish. Completing the look is soft champagne finished hardware. Detailed with just enough character to add a spark without feeling formal.

### **791 Stately**

A sophisticated yet casual finish that is achieved through a combination of embellished distressing on carefully positioned light oak veneers. It's enlivened with a low sheen glaze and diffused with a delightful spattering technique and chalk hang up. Distinctive burnished pewter hardware completes the look and complements the handsome character of this exceptional finish.

*Life is a little bit sweeter when you make your bedroom your haven, your escape. The Jasper County Home Collection with its flowing lines and soft swirls sets a tone of luxury but with a relaxed inviting feel.*
