PRODUCT FEATURES

IN-POOL FURNITURE

The genesis of Ledge Lounger, our in-water furniture provides a unique experience, allowing you to relax partially submerged for the ultimate pool day. 0-15 inches of water is recommended for ledges.

UV16 RATED RESIN

Tested to endure 16,000 hours of direct sunlight while also withstanding the damaging effects of pool chemicals, chlorine, sand, or saltwater for 10+ years of fade resistance.

COMPATIBLE IN ALL POOLS

Fiberglass, vinyl, or concrete, your pool's surface is safe. From the most gritty of gunite to the most decorative of vinyl liners, all pools are compatible.

WEATHER ENDURING

Made of solid, sturdy, high-density resin that withstands the sun, wind, and the harshest elements of any outdoor environment.

LIGHTWEIGHT

Easy to move for versatile outdoor spaces, entertaining, and seamlessly redesigning your outdoor environment.

CORROSION RESISTANT

Powder coated metals and easy-to-clean bamboo couple with durable resin to create a 3-piece combo that resists rust, tarnish, and corrosion.

ENVIRONMENTALLY FRIENDLY

Bamboo is a naturally pest-resistant, fast growing grass that requires no fertilizer and self-regenerates from its own roots. That means it's good for the planet and your outdoor scene.

NO SPLINTERS, NO WARPING

Stronger than wood, invulnerable to rust and corrosion, our high-density resin will retain its form after years of rugged use.
