

Don't let a stack of unintelligible medical records stump you.

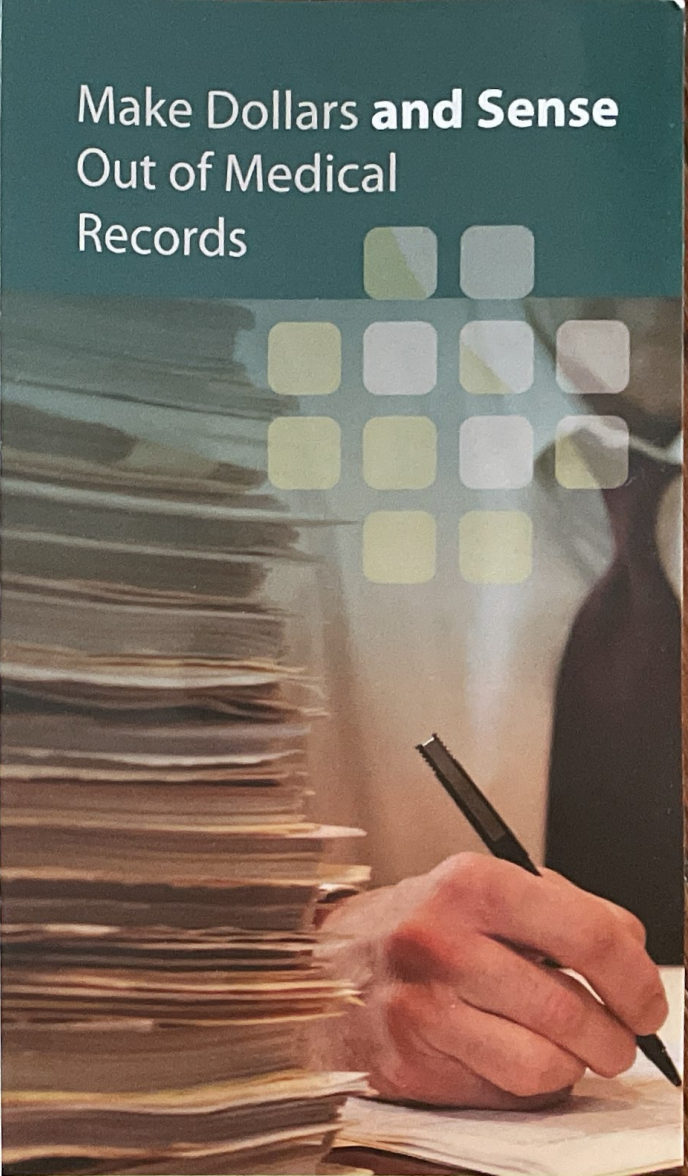

Every medical record is mired in thousands of tedious bits of information. As the medical insider on your litigation team, **a Certified Legal Nurse Consultant** delivers the cost-effective medical expertise to uncover the crucial facts from medical records that can be the difference between winning and losing your cases.

If your caseload includes:

- Medical or nursing malpractice.
- General personal injury.
- Products liability.
- Toxic tort or environmental cases.
- Criminal cases.
- Any other case involving medical or nursing issues, such as probate, Medicare fraud or workers' compensation.

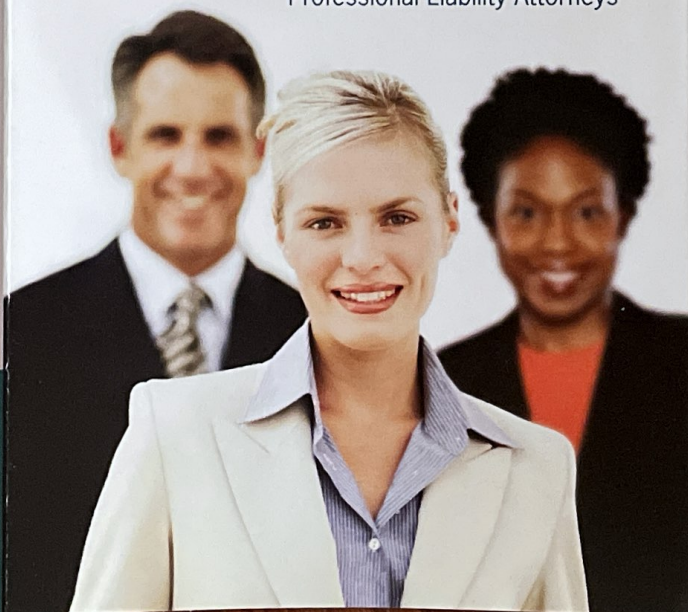

You need us on your litigation team!

Don't waste your firm's time or money with more expensive options. Let a CLNC® consultant uncover the hidden facts – and dollars – in your next medical-related case.

Certified Legal Nurse Consultants know how to turn even the most involved case into a coherent, interesting narrative that I'm able to easily follow and present persuasively to the jury. No one else could do what a CLNC® consultant can do to save me time and money in preparing medical-related cases. Working with a CLNC® consultant makes me a better lawyer and plays a big role in my success.

A CLNC® Consultant Can Be the Difference Between Winning and Losing a Case

From interpreting medical jargon to preparing you for court, our CLNC® services give your law practice the competitive medical edge to win cases AND save money.

The Most Cost-Effective Medical Expertise Available – On Your Side.

Our company can:

- Screen medical cases to eliminate the expense of nonmeritorious lawsuits.
- Analyze electronic medical records, hospital policies and procedures and interpret their relevance to your case.
- Identify and locate the best medical expert witnesses to strengthen the credibility of your case.
- Develop reports and chronologies to highlight the significant medical events and how they fit into the overall case analysis.

Additional CLNC® services that can boost your bottom line:

- Identify adherences to and deviations from the applicable standards of care.
- Assist with discovery by preparing interrogatories and requests for production.
- Detect tampering within medical records.
- Help assess injuries and identify causation issues and contributing factors.
- Attend and report on independent medical examinations.
- Prepare questions for deposition or trial examination (direct or cross).
- Facilitate preparation of exhibits and other demonstrative evidence.
- Research and apply the authoritative medical and nursing literature and standards of care.

What Is a Certified Legal Nurse Consultant?

A CLNC® consultant is a registered nurse who has successfully mastered the rigorous CLNC® Certification Program developed by the company that pioneered the field of legal nurse consulting. The CLNC® consultant has the expertise to quickly pinpoint and interpret medical and nursing issues in any case involving health, illness or injury.

Why Do Attorneys Need Certified Legal Nurse Consultants?

While the attorney is the legal expert, the CLNC® consultant is the expert on the healthcare system and its inner workings. Nowhere else will you find this level of cost-effective expertise for reviewing medical records and understanding the subtleties of the healthcare system.

When Should You Call a Certified Legal Nurse Consultant?

From the moment a potential case comes in, the CLNC® consultant becomes an invaluable asset by identifying the medical issues, screening the case for merit and providing 30 CLNC® services relevant to your case.

Why Should You Consult with a Certified Legal Nurse Consultant if You're Already Using an MD?

The services of a CLNC® consultant are far more cost-effective than those of a physician. As the healthcare provider who is face to face with the patient every day, the Certified Legal Nurse Consultant can educate you about a wide range of medical issues. This knowledge saves you time and money when working with expensive medical experts.
