Eric, Father of 2

We love Tutor Tots Online! With our family becoming more and more remote, Tutor Tots is just what we need so that our kids can still be learning at the highest level while on the road. Allison does such a great job with her curriculum and everything is very organized. Everything our kids need for her class is shipped to us ahead of time. The kids not only learn but they also have fun interacting with the other kids in the class.

Alima, Mother of 2

Alima speaks their language, how she can reach the needs of our babies. Her bubbly personality keeps the classes moving forward and the kids are engaged from beginning to end. When the kids are taking a Tutor Tot class, I can sit back and relax and know they are in safe hands. The best part, besides the kids actually learning, Allison provides the materials they need for the sessions. No running around trying to find the right glue! My kids have truly benefited from Tutor Tots Online, and I have as well.

Samiyah, Mother of 1

My son has been with Tutor Tots Online since he was 2 years old (now 5) and because he is not in a traditional school setting this has offered him the ability to gain knowledge and much needed skill sets that are required of students in grade K! Ms. Allison is innovative, creative, engaging, and most of all makes learning fun! Her organization and attention to detail is top notch. If you are in need of an online homeschool community, I would recommend Tutor Tots Online over and over again!

# Our Classes

## Program Structure

Our program is designed as an 8-month experience, starting in September and concluding in April. Divided into two semesters, each with unique themes and learning goals, your child will show continuous improvement.

## Lesson Format

Each lesson is a perfect blend of digital and hands-on learning. Through engaging online classes, interactive videos, and educational apps, your child will explore new concepts. To reinforce learning, we provide workbooks, manipulatives, and other tactile materials for hands-on activities.

# What To Expect

## Parents as Partners

Your active involvement is key to your child's success. We encourage you to guide and support your child as they navigate through the learning materials.

While the level of assistance needed may vary from child to child, your presence and encouragement are invaluable. We recommend being available to help when necessary. Remember, older siblings or trusted guardians can also provide support.

## Observation Report

At the end of each semester, you will receive a comprehensive observation report detailing your child's progress. This report will highlight strengths, areas for growth, and personalized recommendations to support your child's development.

## Self-Paced Learning Option

**Can't make every live class?** No problem. All enrolled families get access to session replays. Enjoy the benefits of live interaction and the flexibility of self-paced learning, all in one program.

## Support & Resources

Learning doesn't stop after class! The Tot Squad Resource Hub is your child's treasure chest of educational resources, accessible 24/7. It is filled with digital resources, games, printables, replays, and more to further expand on the live lessons and keep the fun going.

# Frequently Asked Questions

## **How do I choose the right program for my child?**

Consider your child's age, learning style, and your family's schedule. Our live and self-paced options cater to different needs. If you're unsure, feel free to schedule a parent consultation.

## **What subjects are covered in the curriculum?**

Our comprehensive curriculum focuses on essential areas of development, including language arts, mathematics, science, social studies, social-emotional learning, and creative expression.

## **What is the difference between the live and self-paced options?**

The live option provides real-time interaction with a teacher and classmates, while the self-paced option allows you to access recorded lessons at your convenience. Both options include access to our online resource hub.

## **What technical requirements are needed for the online sessions?**

A stable internet connection, a computer or tablet with a camera, and a compatible web browser are required for online sessions.

## **What if my child misses a class?**

Don't worry! All enrolled families have access to session replays on our online platform. You can watch missed classes at your convenience.

# Frequently Asked Questions

## **How do you assess my child's progress?**

We track your child's progress through regular assessments, observations, and parent feedback. You will receive detailed reports on your child's development at the end of each semester.

## **What happens if I need to cancel my enrollment?**

We understand that circumstances can change. Our program operates on a month-to-month subscription basis, allowing for flexibility. You can enroll your child at any time throughout the year.

## **What materials are included in the learning kits?**

Our learning kits are carefully curated to enhance your child's learning experience. They typically include workbooks, books, manipulatives, project materials, and sometimes prizes!

## **What is the teacher-to-student ratio?**

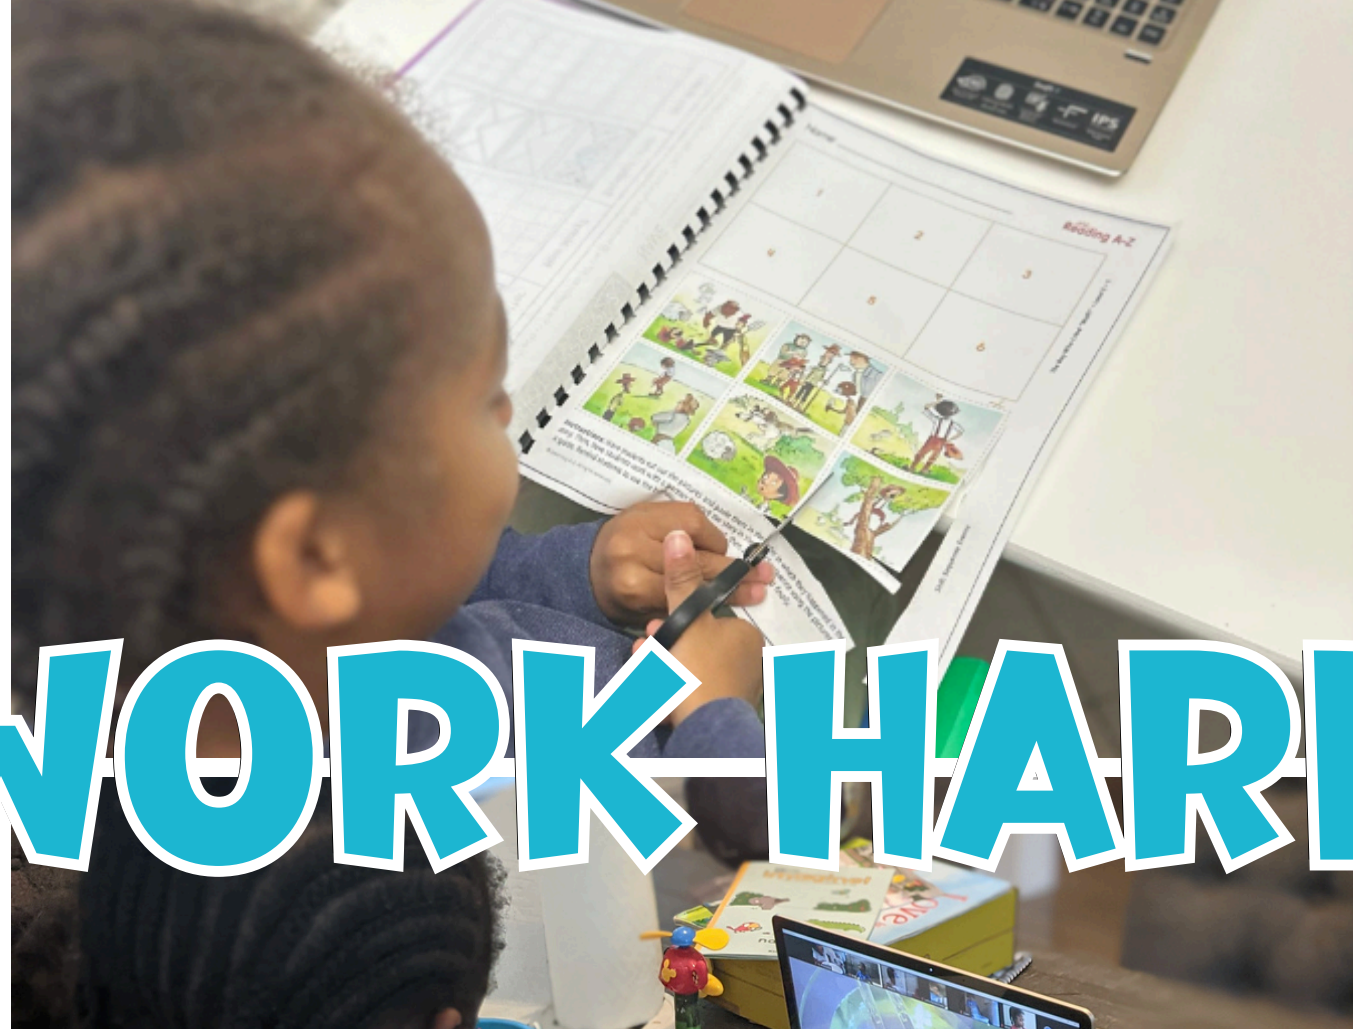

Our target ratio is 1:5. However, class sizes may vary.

## **Are there discounts for multiple children or homeschooling co-ops?**

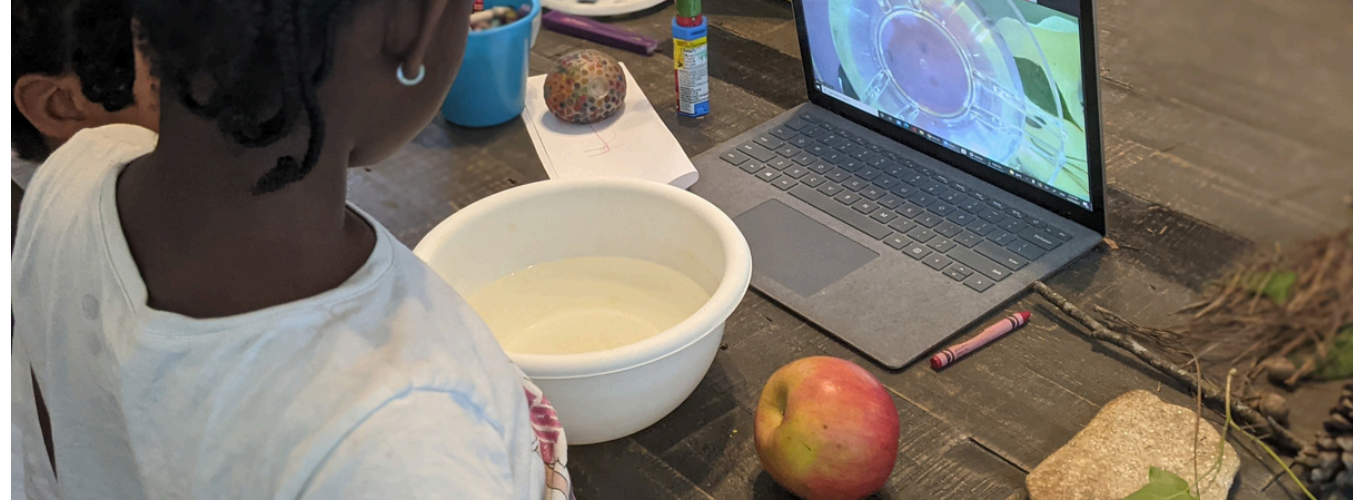

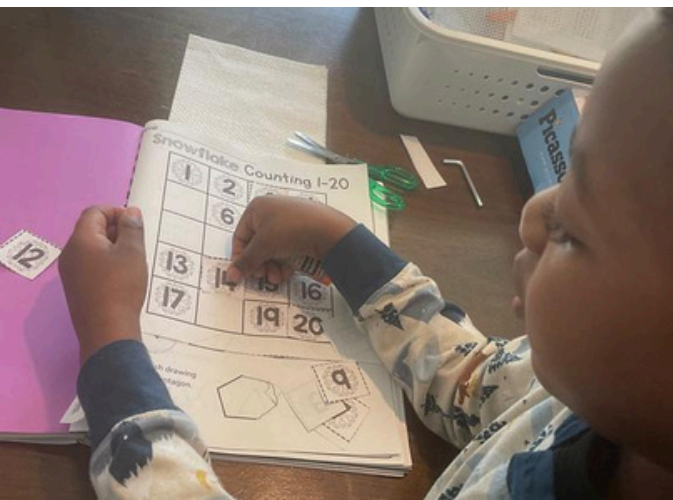

Yes, we offer sibling discounts as well as special rates for established homeschool co-ops, groups, and microschools.

## **Do you offer one-on-one tutoring?**

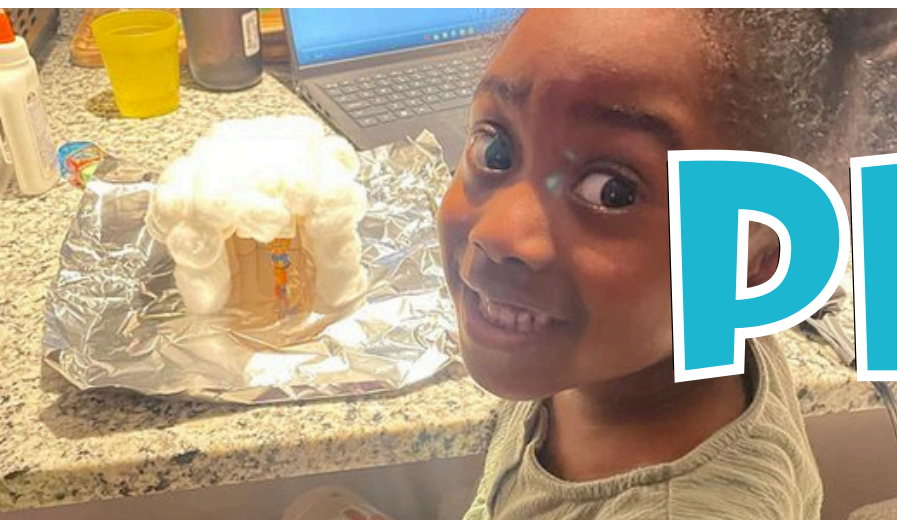

Absolutely! We provide individualized tutoring sessions to cater to specific learning needs. Please inquire about availability and pricing.
