

## Track A: Pre-K to Kindergarten

A strong start for curious little learners ages 4–5

### What is Track A?

Track A is our foundational learning track designed specifically for children ages 4–5 who are just beginning their educational journey. This option is ideal for pre-K and kindergarten-aged students who need early exposure to core subjects in a fun, structured, and developmentally appropriate way.

### Who is it for?

- ✓ First-time learners ages 4–5
- ✓ Children who need support with early literacy, number sense, and classroom readiness
- ✓ Families looking for a gentle yet academically solid start to homeschooling or virtual learning

Our small-group classes are live on Zoom and led by an expert early childhood educator. Each session is interactive, playful, and standards-aligned—with optional hands-on materials shipped directly to your home.

## Track B: Kindergarten to 1st Grade

More structure. Stronger skills. Built for emerging readers and thinkers ages 5-6

### What is Track B?

Track B is our next-level learning option designed for kindergartners and first graders who are ready for more structure, deeper skill-building, and continued academic growth. This track supports students who have mastered early pre-K skills and are now expanding their reading, writing, and math abilities.

### Who is it for?

- ✓ Ages 5-6 with a solid foundation in pre-K skills
- ✓ Children beginning to read independently or write full sentences
- ✓ Homeschool families or co-ops seeking a structured, standards-aligned virtual learning solution

Students in Track B benefit from consistent routines, more rigorous content, and guided practice that bridges early learning with early elementary mastery. Each session is led live on Zoom by an experienced educator, with optional hands-on materials shipped to your door.
