

SATURDAY, OCTOBER 5, 1940

A bicycle built for one was a pre-birthday gift to Hazel Nickola from Friend Husband, presented early so that the recipient could enjoy it during our delightful fall weather. The vehicle is in two-tone coloring, green and white.

Minnie the Moocher has five adorable kittens, born a week prior to Admission Day, and Rexie is the proud mother of four puppies born on the holiday. Earl and Hazel Nickola love their pets and fine time in their busy life to give them the best of care.

HAZEL'S INN WILL WECOLME FRIENDS

One year in business here in Sharp Park is the reason for the anniversary celebration at Hazel's Inn tonight, Saturday, March 16, and tomorrow, St. Patrick's Day.

The dance floor of the Inn has been freshly waxed for dancing and there will be table room for those who partake of the special assorted sandwiches which will be yours for the asking. The Nickolas have parking space as well as cabins. Stay a while in our Sharp Park by the Sea, you out of town guests. Reservations have already been received for some of the cabins, for Sunday is St. Patrick's Day and many of the Saturday night guests are planning to remain for this Irish day of days.

Enjoy your favorite beverages and dance to the best of popular music until the "Top o' the Morning" greets you on the Irish holiday.

Sharp Park Gossip Warm From Griddle

Mrs. Hazel Nikola of Hazel's Inn recently purchased a complete set of the Guardian Service Modernized Silver Seal cooking ware.

A large police dog, formerly belonging to John Hansen of Pacific avenue, escaped from his home, carrying his chain leash with him, and took up his abode at the home of Mr. and Mrs. Herbert Knapp of Paloma avenue. As the Knapps already have a canine pet, they were loath to take in the stranger. The Nikolas at Hazel's Inn said they would be glad to have him, but the dog each time returned to his first love. Finally Mr. Hansen, the dog's rightful master, claimed the pet, but on seeing the beautiful creature's fondness for his new found guardians, presented the animal to Mrs. Knapp, who has for the present decided to adopt the four footed waif.

November 25, 1949

Hazel's Inn now has natural gas in all the cabins of the auto court. Many more improvements are in the offing at this popular beach resort.

Take New Road To Hazel's Inn

For a number of weeks Earl Nickola has been building a cross-road from the highway to Hazel's Inn. It appeared to be too big an undertaking for one man to handle, but Earl tackled the job, filling in the inundated land with truck load after truck load of dirt, which he hauled day after day.

The road, although not finished, may be used and patrons of Hazel's Inn will find it much easier to reach this popular place by choosing the new thoroughfare.

The Nickolas plan to have, in the near future, enlarged parking area for the convenience of patrons.

Watch these columns next week for a surprise in connection with this popular resort.

★ ★ ★ ★

Earl and Hazel Nickola of Hazel's Inn recently lost their beloved canine Bunny, who believe it or not lived to the good old age of 21 years. Charlie Gust of Rockaway Cafe, it was revealed, had one who lived to be 19 years of age.
