

Summer is here! Let's make it count.
"Learning never takes a holiday — it simply takes a new shape."

Dear Parents,

Summer break is a wonderful opportunity to relax, recharge, and reconnect — not only with nature, family, and friends but also with the joy of learning in new and exciting ways.

As the most influential teachers in your child's life, your role in this time is invaluable. Let's make this summer meaningful, by blending fun with responsibility and curiosity with creativity.

We invite you to make this summer an enriching journey for your child by encouraging them to engage sincerely with the holiday assignments.

Instructions :

1. Motivate your child to complete the holiday activities independently with regular encouragement and support.
2. Promote neatness and discipline — explain the value of presenting clean, well-organized work.
3. Help them manage time wisely — set aside a fixed time daily to work on assignments so that the work gets completed gradually and stress-free.
4. All assignments must be completed as specified by the subject teacher.
5. All holiday work will be assessed under the Subject Enrichment category and will be part of internal assessment.
6. All completed activities/assignments must be submitted on Saturday, 10th July 2025 without fail.
7. A digital copy of the holiday homework will be shared via WhatsApp and will also be available on the school website: www.angels-school.com

Learning is not a task to complete, but a journey to enjoy. Let's ensure our children stay curious, constructive, and creative during the holidays.

Have a fun-filled, safe, and productive Summer Vacation!
