1. Read the passage carefully and answer the questions that follow.

A Visit to the Science Museum

Last Sunday, Aarav visited the Science Museum with his parents and elder sister. They reached the museum soon after it opened. First, they explored a hall filled with models of planets and stars. Aarav was excited to see a large model of the solar system. Next, they visited the robotics section, where small robots danced and greeted the visitors. They also watched a short science show that explained how rainbows are formed. Aarav asked many questions, and the guide answered them patiently. Before leaving, the family visited the gift shop and bought a book about space. They also promised to learn more about science and take good care of the environment. It was an enjoyable and educational trip that Aarav would always remember.
