# The Future of Addiction and Mental Health Treatment

At Northstar Behavioral Health, we're more than just a behavioral health facility. We're your partners in healing, offering a personalized approach to care tailored to your unique journey. With a focus on substance use disorders, mental health, and psychiatric care, our team holds state licenses and brings extensive experience in addiction and mental health treatment. We understand that true healing requires comprehensive support, which is why we specialize in genuine Dual Diagnosis treatment within a medical setting. Your journey to recovery is our priority, and we're here every step of the way to provide compassionate care and support.

## ■ Family Support Program

Join us for compassionate support tailored to families affected by addiction. Experience the warmth of family-centered group and individual counseling sessions. Plus, access convenient telemedicine therapy options to connect with us from the comfort of your home.

## ■ Native American Program

At Northstar Behavioral Health, we're family. Our program is tailored for Native Americans and their families, addressing unique challenges with holistic care and comprehensive aftercare for a brighter future.

## ■ Alumni Program

We know your journey to wellness continues long after treatment ends. Enjoy lifetime access to our wealth of resources, personalized aftercare assistance, and the comfort of knowing our 24/7 alumni support is just a call away. Lean on our dedicated life coach and sponsor program, and stay connected through our convenient telemedicine services.
