CAREER TRAINING

EMT

EMERGENCY MEDICAL TECHNICIAN PROGRAM

Are you interested in becoming a licensed emergency medical technician? The St. Charles EMT Training Program, which also prepares participants for state and national licensing exams, provides the foundational training for emergency care providers. Through classroom instruction, practical skill development, and clinical observation in an ambulance and hospital emergency room, students will gain a foundational understanding of emergency care techniques. Students who complete this program are eligible to take the National Registry Exam (NREMT), which is necessary for Missouri certification.

PLEASE NOTE: You must be 18 or older and provide proof of a high school diploma, GED/HISET, or college transcript. A Missouri criminal background check is required for all incoming students. (No class: 11/10, 11/26)

All students MUST attend an orientation and pass the entrance exam before enrolling in the program. Register for the exam today. (\$25) www.stcharlesae.org (636) 443-4043

ORIENTATION DATES:

All orientations are at 5 PM

COURSE #	DATE	DAY
H0755-01	6/25	TH
H0755-02	7/7	TU
H0755-03	7/23	TH
H0755-04	8/6	TH
H0755-05	8/11	TU

ENTRANCE EXAM DATES:

All exams are from 5:30-8 PM

COURSE #	DATE	DAY

MEDICAL ASSISTANT

MEDICAL ASSISTANT PROGRAM (CCMA)

Prepare for a rewarding career in healthcare with our comprehensive 18-week accelerated Certified Clinical Medical Assistant (CCMA) program. This course combines classroom instruction and hands-on training to develop the essential skills needed for success in clinical and administrative settings. You will prepare for the CCMA exam offered by the National Healthcareer Association (NHA) for certification.

Through this program, students will gain expertise in key areas such as:

- Assisting providers with exams and office procedures
 - Patient care, including taking and recording vital signs, administering injections, and medications
 - Phlebotomy, EKG administration
 - Front-office procedures, including patient check-in/out and medical documentation
- (No class: 9/7, 10/21, 10/26, 11/16, 11/25)

CAREER TRAINING

MEDICAL BILLING & CODING

NEW INFORMATIONAL SESSIONS

Not sure which program to choose? Register for an informational session to learn more about our Medical Billing Specialist and Medical Coding Specialist courses and find the best fit for your career goals.

NEW MEDICAL CODING SPECIALIST (CPC)

Prerequisite: Basic Computer Skills

Gain the skills to succeed in medical coding and prepare for the AAPC (American Academy of Professional Coders) CPC certification. Earning your CPC certification not only boosts your credibility as a skilled medical coder but also opens doors to greater career advancement and higher earnings in the healthcare industry. Employers value certified coders for their expertise in accurately coding procedures and diagnoses, resulting in increased job stability and opportunities for professional growth.

Throughout the 16-week program, you will master essential coding systems like ICD-10-CM, CPT, and HCPCS, learn to navigate complex regulatory requirements, and practice real-world coding scenarios to ensure accuracy and compliance. In addition, students receive access to a free medical terminology curriculum to strengthen coding proficiency and boost exam recognition. Take the first step toward advancing your career in medical coding—enroll now to earn your certification! (No class: 11/26)

H0946-03	8/3	M

NEW MEDICAL BILLING SPECIALIST

Prerequisite: Basic Computer Skills

Launch your path into the growing healthcare field with a course designed to build practical, job-ready medical billing skills.

During this 12-week program, students explore the health insurance industry while building a strong understanding of legal and regulatory requirements, along with the reimbursement methods used in today's healthcare environment.

Students also gain practical, hands-on experience in claim form preparation, submission, payment processing, and follow-up procedures.

To further support success, the program includes complimentary access to a medical terminology curriculum that helps strengthen billing proficiency and support exam readiness. Enroll today to take the next step toward earning your Medical Billing Specialist Certificate. (No class: 11/25)

PHLEBOTOMY

PHLEBOTOMY TECHNICIAN TRAINING PROGRAM

The St. Charles Phlebotomy Training program is designed to equip students with the fundamental skills required to become phlebotomists in diverse job opportunities. This comprehensive 8-week course includes 48 hours of lectures, hands-on skills labs, and assessments. Topics covered include anatomy and physiology, blood collection theory and handling, safety, and relevant phlebotomy laws and regulations.

Upon completing the course, you will take the Certified Phlebotomy Technician (CPT) exam provided by the National Healthcareer Association (NHA). (No class: 11/10, 11/26)

COURSE #	DATE	DAY	TIME

CAREER TRAINING

MACHINING

NEW CNC TECHNOLOGY CAREER PREP

Launch your career in precision manufacturing with this hands-on Machining & CNC Fundamentals course developed in collaboration with local industry leaders to get you job-ready. Students gain practical experience in manual mills and lathes, precision measurement, print reading, and CNC setup, operation, and foundational programming.

This training emphasizes industry-relevant skills that support success in modern manufacturing environments and serves as the first step toward a high-demand, high-wage career in machining technology. It also creates pathways to internships and apprenticeships with industry partners such as Hydromat. Upon successful completion, students earn a Certificate of Completion representing 72 instructional hours.

(No class: 9/7, 10/21, 10/26, 11/16, 11/25)

COURSE #	DATE	DAY	TIME
TT350-01	8/31-12/7	M/W	6-9 PM

24 Classes | L&C PMT | CEU
 Tuition: \$949 | Registration Fee: \$50

 Instructor: John Rooneo

HVAC

HEATING AND AIR CONDITIONING TECHNOLOGY

This course introduces the core principles of refrigeration, heat transfer, and residential HVAC systems. Students will learn how to:

- Understand and apply basic heat and refrigeration theory
- Read wiring schematics
- Test, diagnose, and service residential air conditioning units
- Work with automatic and electrical controls, including electric heat, gas furnaces, and heat pumps

Instruction combines classroom learning with hands-on shop experience to reinforce technical skills.

This course prepares students for the EPA Universal certification exam.

(No class: 9/7, 10/21, 10/22, 10/26, 11/10, 11/16, 11/25, 11/26)

ELECTRICAL

RESIDENTIAL WIRING-INSTALLATION & CODES

This course introduces students to the fundamentals of residential electrical systems with a strong emphasis on safety, basic electrical theory, and compliance with the 2023 National Electrical Code (NEC). Students will learn how to safely install wiring and electrical components in residential settings using industry-standard materials and techniques. Through a mix of lectures and hands-on labs, the course covers key concepts such as:

- Electrical safety protocols
- Wiring methods and materials
- Raceway installation, code compliance, and industry best practices

The supply list will be provided on the invoice.

CAREER TRAINING / TECHNOLOGY

Do You Need Training for Your Workforce?

Through Missouri One Start, ACE offers customized training for companies in the St. Charles area with the goal of achieving higher workforce performance.

ACE's focus on training and upskilling the local workforce is invaluable to business success in the area.

Our goal is to enhance employee productivity, with a primary focus on the following key areas:

- Automation Technology Training
- Coaching
- Lean Manufacturing Tools/Techniques
- Team Building
- Technical Writing and Services

Additionally, we offer specialized trade and technical skills training in:

- Computer Technology
- HVAC
- Precision Machining
- Welding

WELDING

NEW ARC WELDING: FOUNDATIONS TO ADVANCED TECHNIQUES

Build strong, job-ready welding skills in this hands-on Shielded Metal Arc Welding (SMAW) course designed for beginners and advancing students alike. Training begins with welding safety, equipment setup, and basic bead-and-joint welding before progressing to multi-pass welds and out-of-position welding, including horizontal, vertical, and overhead techniques.

Students also gain introductory experience with pipe welding, joint preparation, and oxy-fuel cutting, along with material prep skills used in real-world fabrication and construction. Emphasis is placed on proper technique, weld quality, and industry-standard practices.

This course is ideal for individuals pursuing entry-level welding employment, expanding their trade skills, or preparing for advanced welding training. *The supply list will be provided on the invoice.*

(No class: 9/7, 10/26, 11/9, 11/10)

HOME BUYING

NEW BUILDING THE FRAMEWORK FOR HOME OWNERSHIP

The average age of the 1st time home buyer has gone up to 40, and is increasing! Lack of understanding and affordability have been the key drivers for this.

In this class, you will learn all of the perceived barriers to becoming a homeowner earlier in life and how to overcome them from the decision makers approving your mortgage application. You will learn:

- Credit and how it factors into affordability.
- How much you can afford.
- Down payment assistance programs and other down payment strategies
- The process of buying a home.
- Understand the service providers necessary to make a safe investment of a home.

THE OUTCOME

By the end of this course, you'll have a clear plan to move from "thinking about buying" to confidently owning a home—without guesswork, confusion, or wasted time.

COURSE #	DATE	DAY	TIME
RL100-01	9/24-10/8	TH	6-8 PM

3 Classes | L&C MULTI A

Tuition: \$59

Instructor: Jayson Hardie

ACTING

NEW ACTING EXERCISES FOR SELF-GROWTH

Acting exercises and improvisational games are a fun, interactive way to build real-world communication skills. In this class, you'll practice listening closely, responding in the moment, and connecting more comfortably with others in a supportive, low-pressure environment. There are no scripts and no pressure to "perform perfectly."

This class isn't about becoming an actor or comedian. It's about building confidence, connection, adaptability, and ease in everyday conversations, meetings, and social situations, while having fun along the way.

Participants will:

- Build confidence when speaking and interacting with others
- Strengthen communication and active listening skills
- Respond with greater ease in conversations and group settings
- Deepen personal and professional connections
- Practice being more present, flexible, and comfortable in the moment

No acting experience is required.

GETTING PAID TO TALK-AN INTRODUCTION TO VOICE ACTING

In this one-night, live online class, your instructor will take you behind the scenes in the voice-over field for a fun and realistic look at how the voice-over field really works. You'll gain an inside perspective on developing skills and how to leverage your voice's strengths and interests, and more. Because this class is live, you'll have the opportunity to ask questions! Additionally, there will be a chance for a one-on-one script read.

Tuition: \$59
Instructor: Myra Bailey

YIN YOGA

Yin Yoga is a slow, gentle practice focused on deep stretch and stillness. Poses are held for longer periods to target the body's connective tissues, improve flexibility, and support joint health. As you settle into each shape, you'll connect more deeply with your breath, inviting calm and quiet into both body and mind. Open to all levels—no experience needed. *The supply list will be provided on the invoice.*

**ST. CHARLES COUNTY
CAPS PROGRAM**

The CAPS program isn't just a class—it's a career launchpad. By bridging the gap between the classroom and the boardroom, CAPS immerses high school students in real-world professional environments. Our students don't just study; they solve authentic industry problems, collaborate with business leaders, and earn dual credit.

DO YOU...

- Have a passion for business/entrepreneurship, healthcare, or technology?
- Have your own transportation?

ARE YOU...

- Looking for real-world learning in an off-campus setting at a business site for half of your school day?
- Looking for an opportunity to complete an internship during high school?
- Going to be a junior or senior in 2026-27?

CAPS STRANDS:

- Entrepreneurship and Business Management
- Healthcare and Medical Professions
- AI: Emerging Technologies

**ST. CHARLES
SCHOOL
DISTRICT EARLY
CHILDHOOD
CENTER**

LEARNING THROUGH PLAY, EVERY DAY.

We believe in educating the whole child.

2026-27 School Year—Programming offered: 2/3/5 full days, 5 half days, and before/after school care. To apply, children must have turned 3 years old on or before July 31, 2026. Students who turned 5 years old by July 31, 2026 must register for kindergarten at their home elementary school.

ECC is accepting district residents and current school employees due to the high demand within our school community.

The St. Charles School District Early Childhood Center is fully accredited through the Missouri Accreditation of Programs for Children and Youth.

**St. Charles School District
Parents as
Teachers Program**

The Parents as Teachers program is designed for families with children pre-natal through five years of age. Services include developmental screenings, home visits and group connections events for all families. These services are free to district residents.

- Home Visits
- Developmental Screenings
- Group Connections
- Resource Connection

Did You Know?

- You are your child's first and most important teacher.
- Your child's brain grows more rapidly in the first three years of life than at any other time.
- Positive attachment to parents and caregivers in the first three years of life affects your child's life-long success.

REGISTRATION: We recommend registering at least 10 days before the start date of a class. Many classes fill quickly and others may be canceled due to low enrollment.

CLASS CANCELLATION: Classes are subject to cancellation if minimum enrollment is not met. If St. Charles Adult and Community Education cancels a class, you will be notified by phone and/or email. You will be given the option to receive a full refund of your registration fee, transfer to another class, or receive a credit for future use.

REFUND POLICY:

NON-REFUNDABLE DEPOSIT—Any course with a non-refundable deposit will forfeit the deposit if canceled. The remaining balance will be refunded if the ACE office is notified at least two full business days before the class start date; otherwise, it is non-refundable. You may choose to keep your funds on credit for future use; in that case, the deposit will not be forfeited. Credits must be used within 12 months of the cancellation. All standard cancellation rules apply.

ALL OTHER COURSES—To receive a refund, you must notify the ACE office at least two full business days before the class start date. A \$10 cancellation fee will apply; otherwise, the full balance is non-refundable. If you choose to keep your funds on credit for future use, the \$10 fee is waived. Credits must be used within 12 months of the cancellation. All standard cancellation rules apply.

CHILDREN: Youth under age 16 may attend adult classes only if accompanied by a registered adult and at the discretion of the instructor.

SUPPLIES: Textbooks and materials will be distributed on the first night of class. We cannot guarantee you will receive a textbook on the first night of class if you register less than 48 hours of the class start time. If supplies are required, a supply list will be printed on the invoice or provided by the instructor.

EOP: We are an equal-opportunity employer/program. Auxiliary aids and services are available upon request to individuals with disabilities. Students who need accommodations are encouraged to call the office for assistance.

WEATHER CLOSURES: In the case of inclement weather, the City of St. Charles R-VI School District's closing schedule is generally followed. If canceled, classes will be rescheduled and you will be notified.

PRIVACY: Adult education staff is only permitted to discuss class and student records with the registered adult student and not the parent, grandparents, spouses, or others.
