## Meet Bobby Hughes

I was born and raised in West Texas where my wife and I still live. Our children have grown into amazing adults, and we now have four beautiful grandkids. West Texas is home to the Permian Basin, the greatest oilfield in the US. Many years were spent living on drilling rigs out in the desert of The Permian and other countries overseas. That experience taught me the respect of hard work. I bring that same respect and dedication to mortgage lending.

As a mortgage lender, I want to serve my community and my state of Texas by helping us all understand the power of owning real estate. I get no greater joy from my career than helping a family improve their lives by purchasing a new home for their kids grow up in, and knowing they are more educated on managing their finances and planning for their futures. I am improving our community one family at a time.
