1.1 INFORMATION

1.1.1. It is the responsibility of the players and staff of any and all participating teams to know and understand the rules governing BCPA events.

1.1.2. If the meaning of any portion of this rulebook is unclear, the simplest interpretation and the one most consistent with the body of the rules is most likely the correct one. Omissions are not loopholes. When examples are provided they are not intended to be the sum of all possibilities, but simply representative examples.

1.2 FIELD SIZE AND REQUIREMENTS

1.2.1. The BCPA standard field size is 40 x 30 meters. There should be at least 35 obstacles (bunkers) used on a layout.

1.2.2. Each team shall have a start base that measures 1.5 x 1.

1.2.3. Obstacles should be placed a minimum of 1 meter off the boundary. The order of the obstacles on the field should meet the official events layout.

1.2.4. No player or team member is allowed to change the playing field at any time. Altering the field layout during the game on purpose will lead to elimination of that player. Any player altering the field at any other time before or during the tournament will be suspended for that on-going tournament.

6.2.2. The definition of a trigger is the moveable lever or button that comes in contact with the finger. The cycling of a trigger requires an exertion of force by the finger on the trigger and a release of force by the finger on the trigger for each trigger cycle.

6.2.3. The marker must have a trigger guard that is unaltered from the manufacturer's original grip frame. The trigger guard must protect the trigger of the marker.

6.2.4. Markers with electronic firing systems must be locked in a tournament mode. The player may not be able to adjust dwell, de-bounce or shooting mode while on field. A paintball marker capable of firing in other than tournament legal mode shall be rendered incapable of firing in such mode in such a manner that requires the use of external tools or substantial disassembly of the marker.

6.2.5. All markers with any form of external velocity adjusters must be modified in such a way that the velocity adjuster is not readily accessible during the course of the game. All regulators require tournament caps such that they cannot be adjusted without a tool.

6.2.8.3. Shall not increase or decrease the force required to pull or hold the trigger to or at any position without the use of tools ("reactive trigger").

6.2.8.4. "Beaver tails" must be in place on any 'Autococker' based markers. 6.2.9. A pump marker may only be manually re-cocked between each shot, thus allowing for the hammer to reset.

6.2.9.1. This pump action must consist of one complete backward (pull) and return forward (push) cycle of the pump mechanism.

6.2.9.2. "Beaver tails" must be in place on any 'Autococker' based pump markers.

6.2.10. The trigger may consist of one of two types: (a) A standard trigger that requires a pull and release for each pump cycle. (b) An auto-trigger, which consists of a trigger that can be held in the 'pull' position while cycling the pump mechanism.

6.3 BARREL

7.2.1. Any referee or designated official may complete a score sheet. The scorekeeper may show the score sheet to the captain of each team.

7.2.2. Any correction made to the score sheet must be initialed by a head referee, unless the correction corrects an obvious mathematical error, the correction may also be initialed by a scorekeeper.

7.2.3. In the event that one or both team captains do not agree with the contents of a score sheet and thus will not sign the score sheet, the head referee may decide whether the score sheet must be amended and/or validate the score sheet themselves.

7.2.4. A head referee or a scoreboard official may correct clerical or mathematical errors on the scoreboard at any time.

8 THE GAME

8.1.3.1. Any such communication may result in a simple warning or up to a major penalty.

8.1.3.2. With the penalty to be assessed at the time of the infraction, the referee making the call will impose the penalty on the nearest active players of the team penalized.

8.1.4. Should a pattern of illegal communication be determined the team committing the infraction(s) is subject to fine and/or match forfeiture.

8.1.5. Only authorized, rostered, and checked in persons will be permitted in the staging area.

8.1.6. Circumventing paddock and/or staging area security may result in ejection from the event and even future events at the discretion of the event organizer.

8.2 PRE-GAME MARKER INSPECTION

8.2.1. All games will be preceded by a pre-game marker inspection, pursuant to which each player's marker will be chronographed and checked for compliance to the marker

rules. Pre-game marker inspection will be performed on the field before the scheduled games.

8.2.2. The referees may take a player's marker and inspect it for the following: (a) Presence of foreign matter in the barrel, feed port or loader (hopper); (b) Any device, part, item, adjustment or lack thereof which would enable a player to increase either the velocity of the marker or change the shooting mode on the game field without resorting to the use of tools.

8.2.3. After a marker passes the above inspection, such marker may then be checked for bounce, runaway, velocity, rate of fire and illegal modes.

8.2.4. Marker Checking Procedure: (a) "Runaway Guns" test - All markers will be checked for "runaway" triggers. The marker will be fired rapidly. The testing judge, while rapidly firing the marker will suddenly cease to pull the trigger. Any marker that fires more than 1 additional shot after the final trigger activation, with a maximum delay of 100 ms, will be deemed to be a "Runaway Gun" and will not be allowed on the field. (b) Marker Velocity and rate of fire test - All markers will be chronographed prior to going onto the field. The maximum velocity allowed will be 300 feet per second. Markers rate of fire will be tested prior but not limited to the start of the match. The maximum rate of fire allowed will be 10.5 balls per second.

8.2.5. Players whose markers do not pass such inspection will be informed and will be given an opportunity to remedy the situation if the time permits.

8.2.6. Players who are unable to bring their markers into compliance with the rules on a timely basis, which allows the game to start according to schedule, may choose to enter the playing field without their markers and play the game or stay in the staging area.

8.2.7. All markers are subject to a more rigorous inspection in anytime of the game at the discretion of the Head Referee to check for compliance with the marker rules.

8.3 GAME START

8.3.1. Team may start the point with a short squad.

8.3.2. Players start the point inside the playing field boundaries with the muzzle (tip) of their barrels (or touching with the hand if they play without marker) touching the front of the base.

8.3.3. Any player false starting by removing the tip of the barrel of the gun (or hand) from the start gate before the start signal is given, will NOT be automatically pulled from the point, as long as they immediately return it to the gate (touch up).

8.3.4. Players must carry all equipment to be used during the course of the game on their person at the start of the game.

8.3.5. Players may remove their barrel socks after entering the field.

8.3.6. The Game time will begin to countdown at the start of the first point of the match.

8.3.7. Each team starts the first point of the match at the starting station on the same side of the field as the teams own pit area.

8.4 START PROCEDURE

8.4.1 The head referee shall start each game by dropping his or her raised hand, and yelling "GO GO GO".

8.5 ON FIELD CHRONOGRAPHING

8.5.1. Chronographing on the field may be done at any time, at the discretion of any Field Referee to determine if a marker's velocity has risen above legal limits or the Rate of Fire Cap is being exceeded. Referees will seek to perform on field chronographing in a manner which least interferes with play.

8.5.2. Players with markers chronographed during a game at 300 feet per second or less and shoots less or equal than one ball in 95 ms (10.5 bps) will continue to play without elimination or penalty.

8.5.3. Players with markers which velocity is over 300 feet per second but less than or equal to 310 feet per second will be eliminated from play.

8.5.4. Players with markers which velocity is over 310 feet per second, but less than or equal to 320 feet per second will be eliminated from play and given a Minor penalty.

8.5.5. Players with markers which velocity is 320 feet per second or above will be eliminated from play and given a Major penalty.

8.6 PAINT CHECKS

8.6.1. Paint checks are performed by referees for the purpose of determining if a paintball has broken on and marked a player.

8.6.2. Paint checks are performed by a referee when the referee has observed a player taking shots, or when shots are directed into an area occupied by a player that the referee cannot directly observe, when the physical location that a paintball may have broken on is not visible to the referee, or when the referee is directed to do so by another referee.

8.6.3. Referees may, but don't have to, make a paint check after a player has requested one.

8.7 GAME INTERRUPTION

8.8.1. Game stoppages will only occur in case of an emergency, dangerous weather conditions, other “Acts of God” or a physical altercation on the game field.

8.8.2. In a situation where a false start happens due to a Referee mistake or miscommunication the Head Referee will stop the game and restart as if the game had never started.

8.8.3. All Field Referees will note the locations of the players at the time that the game is stopped. Once the game has been stopped, the Field Referees will insure that players remain in those locations. Once the condition causing the game stoppage has been resolved, all the live players are placed in the proper positions by the Field Referees, the Head Referee will restart the game in accordance with the procedures specified in game start section.

8.8.4. The referees calling “Time” will indicate game stoppages. Every player has to remain in the position he was in when the time call was made.

8.8.5. In the event that a game has to be interrupted because of an emergency, the Head Referee may instruct all player to place their markers on the ground until he deems that field of play is once again safe.

8.8 GAME END

8.8.1. A game will officially be considered over when the Head Referee announces the result after the occurrence of any of the game-ending situations. However, players and their equipment can still be inspected until they exit the field.

8.8.2. Point-ending situations are any one of the following: (a) the game time expires or (b) a team hangs the center flag at their opponents base or (c) all players from both teams are eliminated 8.8.3. Players may not re-enter the playing field without the permission of a Field Referee.

9 HITS AND ELIMINATIONS

9.1 DEFINITION OF A HIT

9.1.1. A player is eliminated if a paintball fired from a paintball marker by a live player strikes that player or anything he is wearing or carrying and such paintball breaks and leaves a mark, regardless of the size. • If the paintball strikes the player or anything he is wearing or carrying but does not break and leave a mark, such player is not eliminated. • If a player is hit and marked by a paintball shot by an eliminated member of the opposing team, such player is not eliminated. • If a paintball strikes another object first and breaks upon that object before marking a player or anything he is wearing or carrying, such player is not eliminated.

9.1.2. If the referee did not see the source of a paint marking a player has on him that resembles a hit, such player will be declared eliminated (penalties may apply). Generally, if the paint marking is reasonably solid, appears to be a direct hit - rather than smear, splatter, spray, paint from kneeled on or sat-on paintballs, it will be considered a valid hit.

9.1.3. In the event two opposing players are hit and marked simultaneously, or if the referee cannot determine which player was hit and marked first, both players will be eliminated.

9.1.4. Referees will make every effort to wipe smear, splatter, spray, or paint from kneeled-on or sat-on paintballs off a player at the time they are inspected. If a player continues to play with such paint such player does so at the risk of being eliminated for wearing paint that resembles a valid hit.

9.1.5. Only referees will remove invalid hits, except that a player may remove an invalid hit on the lens of their goggle system with the permission of a referee.

9.2 PLAYERS AND HITS

9.2.1. Players are responsible for becoming aware of hits.

9.2.2. If being hit a player has to immediately cease play and signal his elimination. Failing to do so constitutes playing on.

9.2.3. If a player gets shot at and he cannot check for a hit by himself at certain locations (for example visor, throat, back, harness) he has to immediately cease play and call a referee for a paint check. Failing to do so constitutes playing on.

9.2.4. Players who are in motion and get shot at may continue to the nearest cover whenever there is such cover between them and the nearest opponent. Otherwise they must immediately turn their motion away from the opposition and stop. Upon arrival at such cover the player must immediately check himself for hits. Shooting, posting, communicating, failing to immediately check for a hit and failing to immediately signal his elimination, if indeed hit, will constitute playing on.

9.2.5. Players who are hit in locations that can be self-checked, may not call for a paint check. Calling for a paint check under such circumstances constitutes playing on.

9.2.6. Players who get shot in non-abandoned equipment to which they are separated less than 2 meters (except squeegees and pods) are considered hit.

9.3 ELIMINATIONS

9.3.1. Players will be eliminated if any part of their bodies or anything that they are wearing or carrying touches the ground outside the playing field boundary.

9.3.2. Players will be eliminated if they push out any tape or fencing used as a boundary line. The boundary markings will be considered to be in-bounds.

9.3.3. Players will be eliminated if they lose their goggles.

9.3.4. Players that are found with prohibited equipment on the field or those working on their markers in violation of the provisions specified in marker section will be immediately eliminated.

9.3.5. Players that separate themselves from any piece of equipment or clothing that they brought onto the game field by more than 2 meters, except squeegees, pods, harnesses and loaders will be immediately eliminated.

9.3.6. Players who pick up any equipment (also abandoned), which has a hit on it are considered eliminated.

9.3.7. Players that engage in unsportsmanlike conduct will be eliminated.

Unsportsmanlike conduct includes, but is not limited to: (a) Failure to obey a referee's call.
