

# NEW MEMBERSHIP INSTRUCTIONS

## Welcome New Member,

We would like to extend a warm welcome as a new member of the Infinitely Healing Indigenous Priory, a non-profit, tribal members only health & wellness clinic. We currently offer services that are catered to your specific health requirements and goals as an alternative to traditional healing methods.

**Our vision** is to honor your Divinely given right to choose alternative health and healing protocols, education and resources that you identify that are best for you and your loved ones, to assist you in taking responsibility in your choice of personal healthcare and lifestyle and finally to empower you with additional tools and knowledge necessary to continue this path and to learn to take appropriate action when your health is at risk.

Infinitely Healing currently serves the domestic and international tribal community to include all members of the Turtle Island Native Network. Since we recognize that everyone has a divine right to choose what is right for their health, **Non-Native tribal members** are welcome to apply for a **day pass** or **yearly** provisional membership prior to the first appointment and must do so before services may be rendered. Membership in our non-profit priory allows our members tax benefits which allow you to write off any payments that are made to our organization and the Grand Priory of Turtle Island.

## **Cost of Membership**

The Grand Priory of Turtle Island currently offers the following options for provisional membership:

- Membership **(\$35.00)**
- Spouse Membership **(\$0.00)**
  - This option is only if one spouse is ALREADY A CURRENT member and the other spouse is signing up at a later date.
- 1 Day Guestpass **(\$5.00)**

## **Membership Sign-up Instructions**

Click on the link below. You will need the 5 digit provider code provided below the web link. Without this code you will not be able to register. This can not be done on your phone and must be completed using a PC or Mac. The link will not work properly on a phone browser due to

current security, privacy laws and HIPPA compliance requirements. Chrome, Firefox and internet explorer seem to work best for the browsers at this time.
