FEBRUARY

Self Esteem Workshops

In February Phenomenal Angels started a deep dive into Self-Esteem. What is Self-Esteem ? Self-Esteem is the way you feel about yourself, which has a huge effect on the way you treat yourself and others. It also effects the kind of choices and decision you make. Eleanor Roosevelt said "Nobody can make you feel inferior without your permission."

Phenomenal Angles program provide information to spot triggers that cause self-doubt and stop the youth from being confident. The Angels are trained on the dangers and effects of low self-esteem, the importance of keeping a positive attitude and the ability to differentiate between the reality and truth in the media.

Our guest speaker, Kandyse of *Makeup by Kandyse* demonstrated the proper techniques for applying everyday makeup. **Thanks you so much for joining the PAC!**

MARCH

Body Image Workshops

In March Phenomenal Angels began study on Body Image. Body image, in most modern definitions, involves two key elements: a mental picture of one's physical body (including size, shape, and appearance), and one's attitude toward the physical self (such as thoughts, feelings and beliefs about one's body).

Phenomenal Angels believe youth should feel confident about the way they look and their bodies. Based on the Dove Confident Me workshops, the Angels were provided strategies to identify personal strengths, recognize personal qualities and the truth about media portrayal of body image.

Additionally, the Angels discussed Domestic Violence with Ms. Jules Edwards, *From Discovery to Recovery Women's Center* based on Oceanside CA. See her story, [click here](#). **Thank you so much for sharing your insight and knowledge with the Angels.**
