

2023 KMMLA/KSCS Funding Policies

*As of Monday, April 17, pending approval of 2 additional travelling teams through KSCS.

Floor rentals \$1,190 per team

- For the season, each team may rent additional floor time at any facility, preferably the Kahnawake Sports Complex. The floor time MUST be booked and paid for by the KMMLA. No exceptions. Any floor time booked and paid for by any team representative will not be reimbursed.
- Teams cannot exceed \$1190. Should you need floor time, request this to the KMMLA Scheduler, Kaniatanoron Deer or send a Message to the KMMLA Facebook page.
- Teams who wish to exceed their budget must ask any other team (head coach and manager) who must give written approval to use a portion of their budget to the KMMLA.
- There is a ZERO TOLERANCE on drugs and alcohol at official KMMLA games/practices

Coaching Certification \$2600

- The KMMLA will pay for the certification of the first coaches who request this, attend and attain their certification until the funding budget has been reached.
- Once the budgeted funding (\$2600) through the KMMLA has been used, no other coach can have their certification paid for by the KMMLA. No Exceptions.
- Should a potential coach not attend and/or not complete their coaching certification, that coach may be subject to repayment of the fee back to the KMMLA (pending available funds)

Van Rentals \$3,200 per travelling team (U9 to U17)

- Each team will receive a budget of \$3200 for the season to rent vehicles for the purpose of travelling to away games.
- Vehicles must be rented by a fully insured member of the team. Reimbursements of rentals will only take place following the tournament conclusion.
- The rental MUST have an official receipt in the person's name who rented it. Only that person may be reimbursed. The renter MUST provide proof of full insurance coverage.
- No team may exceed \$3,200. Should a team be close to their limit (ie: spent \$3000) and wish to rent a vehicle for Provincials, they may only use the remaining funds in their budget (ie: \$200 in this example)
- Teams may rent vans, cars, busses, etc.... This is at the team's discretion. The Head Coach shall be responsible to stick within their budget and manage parent expectations.
- NO gas money will be reimbursed, even if the team has additional money in their budget.
- The budget can only be used for vehicle rentals for away games/tournaments.
- Accidents, fines, etc.... are completely the liability of the person renting the vehicle and the KMMLA will NOT reimburse fines, etc... in these instances.
- The above budget is based on one rental van per zone away game and one van for two tournaments per travelling team.
- It is very strongly suggested that parents who have the means to travel with their children to continue to do so and leave the rentals to those in need of transportation.

- Should any team wish to use all of their budget on one larger bus rental for one tournament or game, that is at their discretion.

Accommodations \$8000 per travelling team (U9 to U17)

- Each travelling team (U9 to U 17) will have a budget of \$8000 for hotels for tournaments for the season.
- The Team Manager will submit a list of players and parents for reimbursement following the conclusion of the tournament. The Manager will assure that a) the player participated in the tournament b) There are proper receipts for accommodations in the parent/guardian's name.
- The Team Manager must submit a list of names and all receipts to the KMMLA Treasurer. This may be done via email or via paper hard copies. Electronic receipts are acceptable.
- The Treasurer will issue cheques following the tournament conclusion to the names of the parents listed by the Manager who meet the criteria. All cheques for one team will be given to their Team Manager to distribute.
- No player may exceed \$100 per night in reimbursement

Goalie Gear

- All goalie gear that is sponsored by KSCS is ordered and paid for by the KMMLA Board.
- No reimbursements shall take place
- All goalie gear will be loaned to the players through the Head Coach, who is responsible to return the equipment at the end of the season for use next season by others.
- All equipment purchased belongs to the KMMLA
- Goalies may use their own gear if they wish and combine their own gear with KMMLA gear.

Broadcasting Based on availability

- The KMMLA Board will schedule video broadcasts of games with Baby Blue Memories (Brandon Bordeaux).
- All teams will have a minimum of one game broadcast.
- All travelling teams will have a minimum of 4 games broadcast and one Tournament game.
- Provincials (a tournament) will be scheduled to the best of the KMMLA Board's ability working with Baby Blue Memories. Please note that often games will overlap and be at different arenas.
