WHAT TO EXPECT

from my photography

MY STYLE

My style is a blend of candid and classic. I aim to capture genuine moments as they unfold, preserving the emotions and stories of your special day in a timeless manner. I love to incorporate natural light and vibrant colors to enhance the beauty and authenticity of each scene. By combining artistic compositions with spontaneous interactions, I strive to deliver a gallery that you will cherish for years to come, evoking the same warmth and happiness you felt on your wedding day.

EDITING & DELIVERY

After your wedding day, I will edit 25 of my favorite photos and make sure you get a sneak peek of them as fast as possible by sharing on social media and tagging you in the collage. I will also create a password protected online gallery you can use to view your entire gallery once your photos are all edited and ready to download.

ENGAGEMENT

sessions

CAPTURING YOUR LOVE STORY

An engagement session is a great step away from the wedding planning chaos to focus on the love that brought you here. These sessions are relaxed, intimate, and personal, capturing your connection in an authentic way.

Whether it's walking through a favorite park, revisiting the spot where you got engaged, or just sharing quiet moments together, the session tells your story in a way no posed wedding photo can.

The session is an opportunity to get comfortable in front of the camera and build trust so that when your wedding day arrives, we're already in sync. You'll learn to relax, have fun, and just be yourselves, which translates into the most genuine and heartfelt photos. Plus, these images become more than keepsakes—they're a glimpse into the life you're building together, captured forever.

CAPTURING THE MOMENTS THAT MATTER

Think of me as your personal storyteller. I'll be there to capture every moment, big and small, while blending into the background. From the joyful chaos of getting ready to your first kiss as a married couple, I'll ensure no detail is missed. Plus, I'll help guide you and your loved ones through any portraits, making it as easy and stress-free as possible.

After the wedding, I'll carefully sort, edit, and enhance your photos to reflect the beauty and emotion of your day. This part takes time and care, but it's all worth it to deliver a gallery you'll love and treasure forever.

Once your photos are ready, you'll have the chance to relive every magical moment. I'll provide you with a stunning collection, and you can choose prints, albums, or other keepsakes to share with friends and family.

HOW TO PREPARE

for your big day

SELF CARE

First and foremost, get plenty of rest the night before. A good night's sleep will help you look refreshed and feel energized.

Hydrate well in the days leading up to your wedding; drinking plenty of water will give your skin a healthy glow. Consider scheduling a facial a week or two before the big day to ensure your skin is at its best, but avoid trying any new products that might cause a reaction.

Practice your poses in front of a mirror to find your best angles and expressions. You might even want to have a fun photo session with a friend to get comfortable in front of the camera.

YOUR LOOK

Choose a hairstyle and makeup look that enhances your natural beauty and complements your dress. A trial run with your stylist and makeup artist can help you decide on the perfect look for your special day.

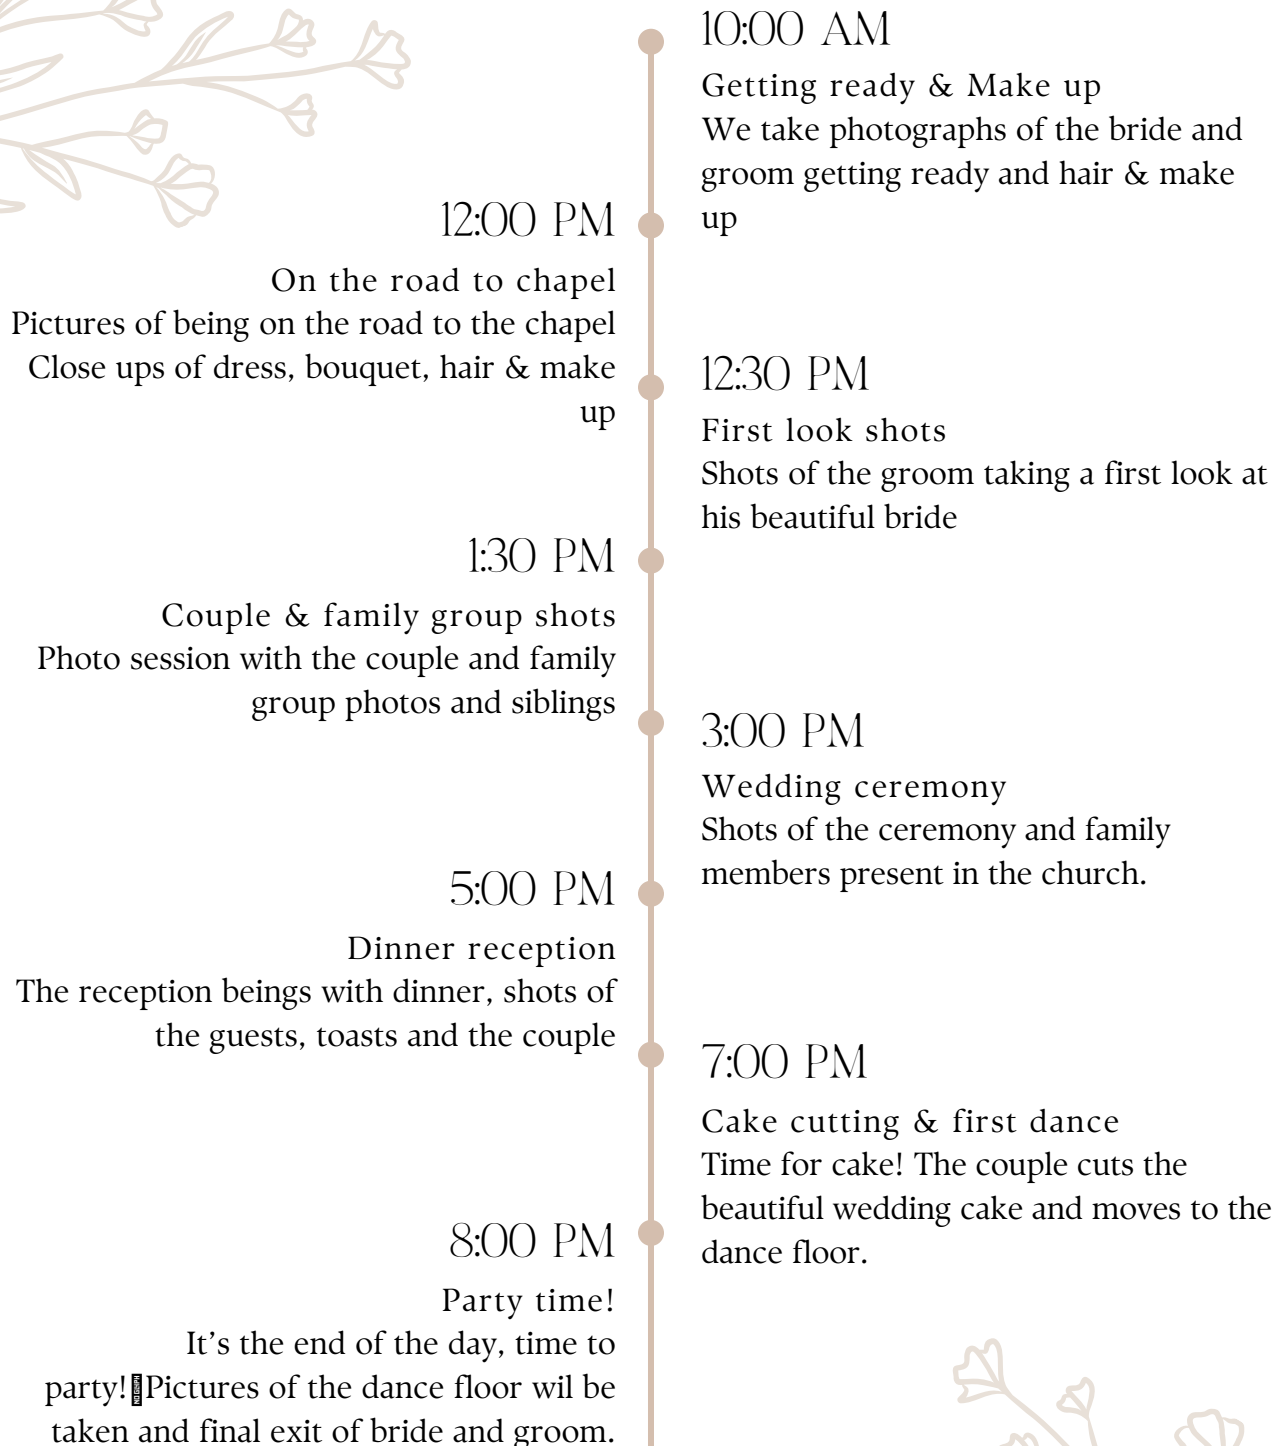

Lastly, remember to relax and enjoy the moment. Genuine happiness and love will shine through in your photos, creating memories you'll cherish forever.

WHEN TO BOOK

your wedding photographer

Wedding photography is about more than just showing up on your big day with a camera—it's about creating a relationship, understanding your story, and planning every detail to make your photos truly special. That's why booking early (ideally 9–12 months in advance) is so important. My calendar fills up quickly, especially for popular wedding months, and I'd hate for you to miss out on your date!

If your wedding is fast approaching, don't panic! Reach out as soon as possible. If I'm available, I'll do everything I can to accommodate you. If I'm already booked, I'm happy to recommend other talented photographers who share a similar style and approach.

FREQUENTLY ASKED

questions

✦ How many hours of coverage do we need for our wedding day?

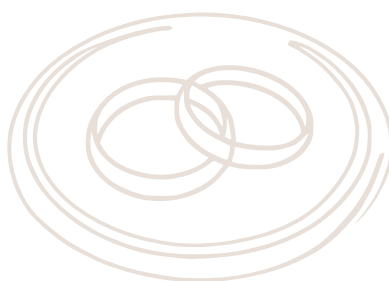

The number of hours depends on your wedding timeline and the moments you want captured. For most weddings, 8–10 hours is ideal to cover everything from getting ready to the dance floor. If you're planning a smaller or more intimate wedding, fewer hours may work perfectly. We'll discuss your timeline in detail to ensure no special moments are missed.

✦ Do you offer engagement sessions as part of your packages?

Yes! Many of my packages include an engagement session, as it's a wonderful way for us to connect before the big day. It's also an opportunity for you to feel comfortable in front of the camera and get some beautiful photos to use for save-the-dates, your wedding website, or just as a keepsake of this exciting chapter.

✦ How long will it take to receive our photos after the wedding?

I know how excited you'll be to see your photos! On average, the full gallery is delivered within 4–8 weeks after your wedding. I'll send you a few sneak peeks within a few days, so you can relive some of the magic while I work on perfecting the rest of your images.
