

Southeast Texas Section

APRIL PROGRAM MEETING

----- EVENT INFORMATION -----

When:	Tuesday, April 16, 2024
Topic:	Magnetic Level Gauge Solutions & Application Discussion
Presenter:	Erich Jaschek, Sales Manager; Process Level Technology Ltd. (MAG-GAGE)
Location:	Madison's, 4020 Dowlen Rd., Beaumont, TX 77706
Time:	5:00PM - Social 5:45PM - Dinner 6:00PM - Presentation

OVERVIEW - Magnetic Level Gauge Solutions

Erich will be discussing the benefits, solutions, and difficult applications with MLG's and complete level control; as well as troubleshooting methods.

[PLEASE RSVP BY 04/15/24](#)

ABOUT THE SPEAKER - Erich Jaschek

Erich Jaschek grew up working in the surrounding industries from manufacturing, service, to sales. He has spent the last 12 years working with Process Level Technology to become an expert in magnetic level gages and the applications. As now, Sales Manager, he has worked his way up through almost every position at PLT, putting firsthand experience to good use. Erich has had the privilege to work side-by-side with the owner Wade Donehue, who has been building MLGâ€™s for over 40 years and designed several of the level gages on the market today. With this insight, Erich enjoys providing solutions to difficult level applications that most would say cannot be done with a magnetic level gage.

Note From the President

Greetings to all! I would like to welcome everyone back to our next section program featuring level technologies. See us at Madison's to find out what level control is all about.

Thank You,
Brian Blevins
ISA Section President | Southeast Texas Chapter
