Cyber Crusade

On the 27th of November 1095 Pope Urban II launched the first crusade to retake Jerusalem and to defend the pilgrims that travelled from Europe to the Holy Land.

Ten centuries later in 2024 Archbishop Wells of The Knights Templar Church has launched the world's first 'Cyber Crusade' with a clear mission. That charge of Jesus Christ revealed in scripture known as the 'Great Commission' (Matthew 28:18-20).

Know this! Our crusade is of the kind of love instructed by Jesus and our swords are not forged of steel. Every good soldier for Christ will raise the sword of the Holy Spirit, the Word of God, sharper than any two-edged sword. By hearing and by reading verses from our Holy Bible we sow the seeds of salvation into the minds of digital device users across the planet.

Never in the history of humanity has such power been at the fingertips of Christians. This cyber crusade is an act of evangelist activism. Life is not a spectator sport, and neither is the life of a faithful Christian.

How to implement the Cyber Crusade: On every digital platform, from gaming to email, to social media profiles **ADD A VERSE FROM THE BIBLE**. Invite fellow Christians to do the same! This mission is suitable for all ages and denominations. **SHARE THE WORD OF GOD!**
