Commodities

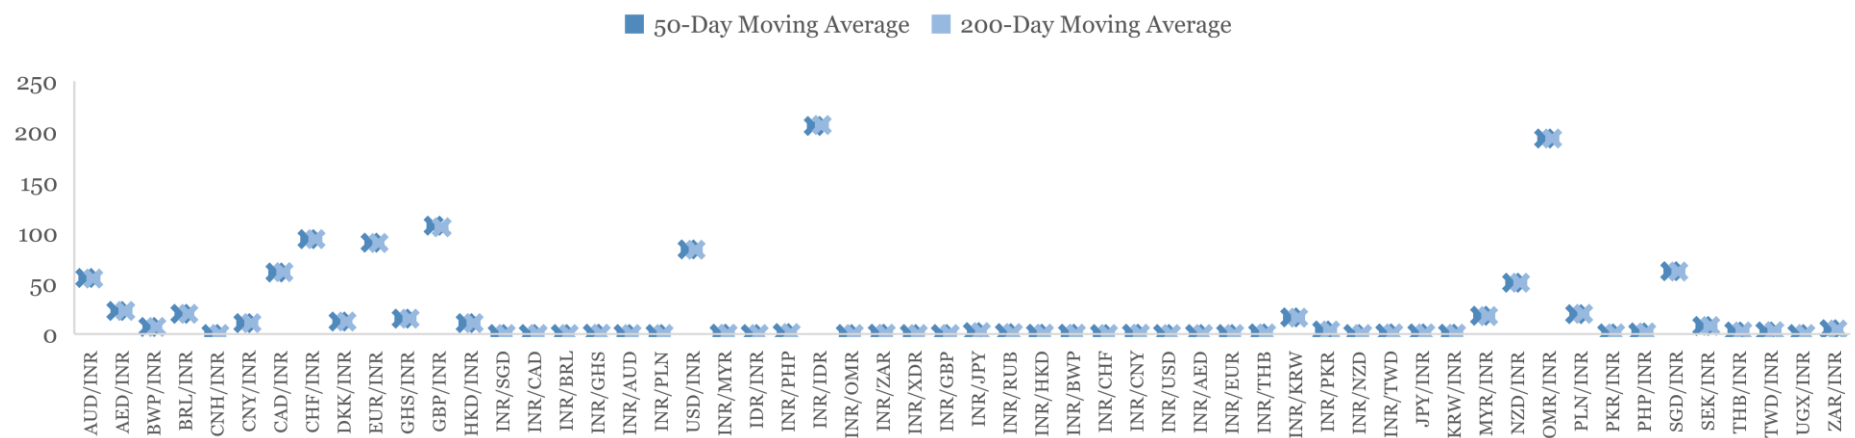

- **Gold Dec 24 (GC=F)**
- **Current Price:** \$2,422.20
- **52-Week Range:** \$1,809.40 - \$2,477.00
- **Moving Averages:** 50-Day: \$2,368.22, 200-Day: \$2,187.21
- **Analysis:** Gold is trading slightly above its 50-day moving average and well above its 200-day moving average. This stability and proximity to historical highs suggest it could be a strong investment, especially in uncertain economic conditions.

- **Copper Sep 24 (HG=F)**
- **Current Price:** \$3.96
- **52-Week Range:** \$3.53 - \$5.20
- **Moving Averages:** 50-Day: \$4.38, 200-Day: \$4.12
- **Analysis:** Copper is trading below its 50-day moving average but above its 200-day moving average. This positioning might indicate a potential for price recovery if demand picks up, particularly in industrial applications

- **Crude Oil Sep 24 (CL=F)**
- **Current Price:** \$76.19
- **52-Week Range:** \$67.71 - \$95.03
- **Moving Averages:** 50-Day: \$78.90, 200-Day: \$78.06
- **Analysis:** Crude oil is currently below both its 50-day and 200-day moving averages. This might suggest a potential buying opportunity if prices stabilize or rise in response to global economic conditions or supply constraints.

- **Silver Sep 24 (SI=F)**
- **Current Price:** \$27.61
- **52-Week Range:** \$20.76 - \$32.50
- **Moving Averages:** 50-Day: \$29.42, 200-Day: \$25.97
- **Analysis:** Silver is trading below its 50-day moving average but above its 200-day moving average. This could indicate potential for price improvement, particularly if industrial demand or investor interest increases.

Currencies

- **EUR/INR (EURINR=X)**
- **Current Price:** ₹91.65
- **52-Week Range:** ₹85.97 - ₹92.61
- **Moving Averages:** 50-Day: ₹90.23, 200-Day: ₹90.03
- **Analysis:** The EUR/INR is trading near its 50-day moving average and above its 200-day moving average. This stability suggests a relatively strong position. The proximity to the 52-week high could indicate further potential for appreciation.

- **CAD/INR (CADINR=X)**
- **Current Price:** ₹61.11
- **52-Week Range:** ₹59.15 - ₹63.13
- **Moving Averages:** 50-Day: ₹60.78, 200-Day: ₹61.12
- **Analysis:** CAD/INR is trading just above its 50-day moving average and close to its 52-week high. This stability and slight upward movement suggest that the Canadian Dollar may have further potential for appreciation.

- **CHF/INR (CHFINR=X)**
- **Current Price:** ₹96.88
- **52-Week Range:** ₹89.79 - ₹99.75
- **Moving Averages:** 50-Day: ₹93.74, 200-Day: ₹93.73
- **Analysis:** CHF/INR is trading above its 50-day moving average and close to the 52-week high. This indicates strength in the Swiss Franc, making it a potentially good investment if the trend continues.

- **JPY/INR (JPYINR=X)**
- **Current Price:** ₹0.57
- **52-Week Range:** ₹0.51 - ₹0.59
- **Moving Averages:** 50-Day: ₹0.53, 200-Day: ₹0.55
- **Analysis:** JPY/INR is trading above its 50-day moving average but close to the 52-week high. The strength of the Japanese Yen relative to the INR suggests it may be a good hedge or investment if the yen continues to strengthen.
