

Dear Representative Herbkersman,

Thank you for taking time out of your busy schedule to speak with the Hilton Head Area REALTORS® and the Beaufort-Jasper County REALTORS® Candidate Screening Committee. The Screening Committee has completed its work and the findings were approved by the Associations' Board of Directors.

As you are aware, the purpose of the Candidate Screening Committee is to get to know the candidates, to learn of their views on issues and to promote the election of those individuals who know and understand REALTOR® issues. Ultimately, it is the committee's responsibility to recommend candidates who are concerned with REALTOR® issues; which include those who are willing to work to preserve the way of life in our region through preservation of private property rights, creating opportunities for homeownership availability and affordability, and an environment which fosters business development and job creation.

After careful evaluation of the candidates reviewed in your race and consideration of your qualifications and responses to our questions, it is very clear that you share our vision for making our County a better place to work, live and raise a family. We are pleased to report that the Hilton Head Area REALTORS® and the Beaufort-Jasper County REALTORS® **endorse** your candidacy for the House District 118 seat.

We will report our endorsement of your candidacy to the 1700 plus REALTORS® in both Associations and ask that our members eligible to vote cast their ballot for you in the upcoming election.

Again, on behalf of the Associations, we appreciate you meeting with us. For any additional information, please contact Government Affairs Director Jocelyn Staigar at [jocelyn@hhref.com](mailto:jocelyn@hhref.com).

Best regards,
