Dear Representative Herbkersman:

The South Carolina Citizens for Life state political action committee, LIFEPAC, is pleased to endorse you for re-election to South Carolina House District 118. This endorsement reflects your commitment to renewing a culture of life and your pro-life voting record that shows you are in agreement with the positions of South Carolina Citizens for Life. Thank you.

As the South Carolina General Assembly has passed life-protecting legislation, the number of abortions occurring in South Carolina has declined by nearly 64 percent. Pro-life citizens have saved 193,423 unborn babies. Legislation saves innocent babies' lives.

We know that pre-born children and the medically fragile and dependent members of our human family can count on you to protect them from the threat of abortion and euthanasia. We look forward to working with you again in the South Carolina House to restore legal protection to innocent human life.

Sincerely for life,

Lisa Van Riper
President
