

Employment Services Authorization Community of Practice

Clarke Mayer

**COO,
Community Supports
Network LLC**

Angela Calzone

**President / CEO,
Inroads to
Opportunities**

As the Department of Labor continues to evolve its authorization system, the need for feedback from provider agencies becomes greater. Recently, modifications to both the service authorization and payment system have created opportunities for continued collaboration, both among provider agencies and DVRS offices, to help ensure that processes are consistent and efficient. The goal of this professional development event is to obtain feedback and review information from provider agencies regarding their experiences with current authorization and payment systems.

**Wednesday, July 29, 2026
10:00 AM - 12:00 PM**
