DOWNUNDER

GROUP

EMPOWERING THE FUTURE OF RENEWABLE ENERGY

Downunder Group is an Australian owned and operated company that provides experienced drilling and underground services for renewable energy projects.

We support
**GREEN
ENERGY**

projects

Our Green Energy

- Solar Power
- Wind Energy
- Hydro Power

REVITALISING REMOTE AND RURAL REGIONS

We have experience in delivering projects in remote locations with flexible workers and adaptable work structures.

CLEAN, GREEN AND UNSEEN

Our experienced operators and fleet of drill rigs, excavators and hydrovac truck provide the plant and equipment to place cables underground in various ground conditions, safely and efficiently.

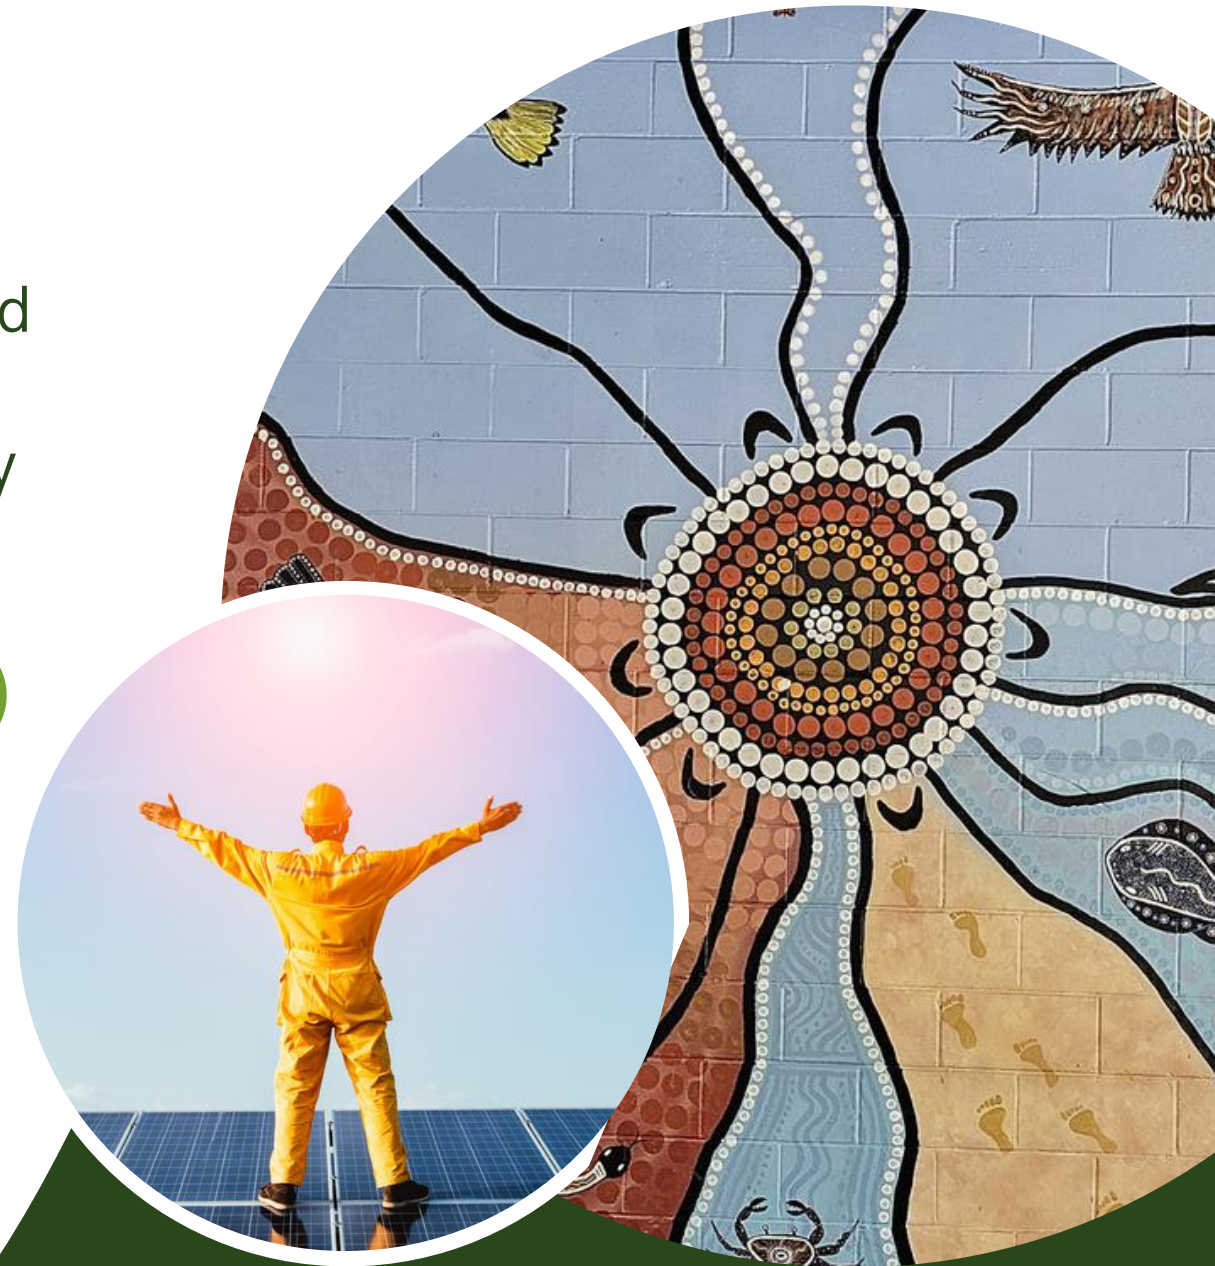

DELIVERY EXPERIENCE

Depending on your project requirements and preferred partnering model, we have experience in most delivery models.

Our Delivery

- ✓ EPC Contractor
- ✓ Design & Build
- ✓ Construct Only
- ✓ Subcontractor
