# A Structural Workforce Shift Is Underway

---

Labor shortages are no longer temporary

Visa-based workforce models are unstable

Operational pressure is rising

The current system is no longer sustainable

# Why This Problem Is Accelerating

---

Policy uncertainty is increasing

Labor supply is declining

Cost pressures are rising

Technology disruption is accelerating

# Industry Impact

---

Service quality degradation

Employee burnout and turnover

Rising costs without stability

This is now a strategic issue—not just staffing

# Who This Is For

---
