

# Reflexion Research Opportunity

Be a part of a pilot research to determine reaction time, coordination and function amongst 50 - 65 year olds.

You are eligible to be involved if you:

- Are aged between 50-65 years old (inclusive)
- Identify as male or female
- Have no known cognitive impairments

This research is important to assist with strategies to help with preserving brain health and cognitive function.

**Win a weekend stay at the Hilton Doubletree at Elizabeth Quay**

Those who qualify as a participant for the pilot research will be automatically entered into our lucky prize draw, which will be drawn at the end of the research.

**For further information please direct your questions to our research team.**
