**TECHNICAL EXPERTISE + REAL-WORLD EXPERIENCE + INDUSTRY CONNECTIONS
= YOUR CAREER**

Entertainment industry professionals know that it takes more than passion to get you to your dream career. SAE Institute's blend of foundational theory, pro-level technical skills and on-campus *extras* will put you ahead of the competition.

DESIGNED BY CREATIVE PEOPLE FOR CREATIVE PEOPLE

Traditional colleges often measure your ability by how well you follow the rules. But we all know that following the rules doesn't necessarily lead to success in creative careers.

WE DO THINGS DIFFERENTLY

Our unique style of hands-on, project-based education can help you to understand, acquire, retain, and apply concepts and skills in new ways and new situations.

PROJECT-BASED COURSES

are built in from the start, giving you the chance to learn how to ask questions and think critically as you participate in real-world situations that require you to communicate and collaborate like a pro. As you progress through your program, you'll be instructed on how to manage and execute projects at a whole new level.

SUCCESS TOOLBOX

At SAE Institute, your tuition pays for more than classes. We pack your college experience with **extras** that really help you succeed.

Studio Time

With fully loaded studios and production suites right at your fingertips, you'll be able to book your own lab time. Even when you're working after hours or on weekends, instructors will always be there to give you personal attention.

Studio Gear Kit

You'll receive your own SAE Studio Gear Kit including an Apple computer and all the software you'll need, like ProTools, Logic Pro, and Ableton Live.

VIP Access

You'll learn to network like a pro with insider passes to a plethora of industry events, expos, and conferences right on campus.

Award-Winning Faculty

From your very first day, you'll be surrounded by people who take your success seriously by holding you to professional standards. You'll be able to gain industry-relevant skills straight from our instructors, many of who won GRAMMYS or earned Gold Records.

Industry Connections

We bring the pros to you. Industry experts regularly drop by to host workshops, panels, and demos. You'll have a direct connection to a wealth of industry organizations, such as the Audio Engineering Society and the National Academy of Recording Arts and Sciences (aka the GRAMMYS).

Lifetime Career Assistance

Our commitment to you doesn't end with graduation. All SAE alumni have access to a global network of career connections. And down the line, you'll be able to audit refresher courses in your program—at no additional cost.

SAE HISTORY

SAE Institute opened in 1976 in Sydney, Australia, to teach aspiring audio engineers the theory, technical knowledge, and practical skills they needed to start their careers by working on real projects in a real recording studio.

est. usa
1999

Discovering students all over the world hungry to experience this uniquely practical style of education close to home, SAE Institute expanded establishing campuses in major city centers of Australia, Europe, Asia, and Africa, offering project-based degree and diploma programs in audio, film, games, design, digital media, and entertainment business.

In 1999, SAE Institute opened the first U.S. based campus in New York City. Today, SAE Institute serves students in 7 major U.S. cities, including Atlanta, Los Angeles, Miami, Nashville, San Francisco, and Chicago.

With more than 50 campuses in 27 countries, SAE Institute is the largest creative media education institute in the world, providing students and alumni with access to a global network of creative media professionals, continuing education programs, and career opportunities.

SAE INSTITUTE ATLANTA

215 PEACHTREE STREET

ATLANTA, GEORGIA is the southern epicenter of hip hop, rock, and live music. It’s also the 4th largest film & television industry hub in the U.S. Incredibly inspiring in its cultural & artistic diversity, it was once rightly called The City Too Busy To Hate.

SAE Atlanta is a modern, hi-tech facility in the heart of this big, warm city.

The campus occupies over 35,000 square feet in an iconic, historic building on Peachtree Street, and includes 5 studios and 4 production suites designed by world-renowned studio builder Michael Cronin, 15 workstations, and a 32-seat theater with 5.1 channel surround sound.

SAE INSTITUTE CHICAGO

820 NORTH ORLEANS STREET

CHICAGO, ILLINOIS is the biggest, most beautiful small town in the world. It has trains to take you almost anywhere you want to go and public bicycles to take you everywhere else. Neighborhoods are alive with local clubs, bars, and restaurants. Concert venues are close enough to walk to, and music festivals fill the streets all summer long.

SAE Institute Chicago is right smack in the middle of it all.

On our 19,000 square foot River North campus, we have 4 pro-quality studios and 4 production suites, all designed by world-renowned studio builder Michael Cronin, 20 individual workstations, a visual studio, and an 82-seat theater with 5.1 surround sound.

SAE INSTITUTE NASHVILLE

7 MUSIC CIRCLE NORTH

NASHVILLE, TENNESSEE is the 2nd largest music production center in the U.S., bringing in a whopping six billion dollars and providing over 19,000 jobs per year. The biggest labels in the recording industry come together to bring artists, engineers, and producers together to realize their creative visions.

SAE Institute Nashville is right in the heart of this entertainment mecca, in a magical place called Music Row.

The 15,000 square foot campus includes a visual production studio, 10 individual workstations, 3 production suites, and 3 studios designed by world-renowned studio builder Michael Cronin. In a neighborhood surrounded by publishing houses, music licensing firms, recording studios, video production houses, and radio networks, SAE Institute Nashville is uniquely positioned to help students begin careers in the audio & music industry.

SAE INSTITUTE NEW YORK

218 W 18TH STREET

NEW YORK CITY is called The City That Never Sleeps for a reason: music, theatre, work, play, clubs, restaurants, and bars are all alive 24/7. It's the original melting pot, an exciting, cosmopolitan, metropolitan, international destination.

SAE Institute New York is in a neighborhood called Chelsea, the historic arts district.

Our brand new facility spans 2 floors and over 27,000 square feet and includes 24 workstations and 6 live rooms. World-renowned studio builder Michael Cronin designed our 5 studios and 4 production suites, outfitted with the same tech-forward, pro-quality gear used by successful engineers in the industry.
