

# Water Treatment Managed Solutions

**ENVIRONMENTAL  
WATER, LTD.**  
WATER TREATMENT SPECIALISTS

## Filter Feeders

Are you having issues with flow, pumps getting clogged and deteriorating seals? A filter feeder provides an extra layer of protection for your system and helps provide a visual test on the quality of water.

**New filter vs. a filter that has been neglected.**

### *How We Can Help*

Environmental Water changes out and inspects the filters on every service visit. We can help provide the right filter feeder for you and help provide more protection for your system.

### ***Benefits of a Filter Feeder***

- Catch particulates in water
- Visual aid to catch problems early
- Reduce energy cost by removing contaminants
