

Task-KI - Child Safety and CSAE Policy

1. Prohibited Conduct

Task-KI strictly prohibits the possession, distribution, solicitation, or production of Child Sexual Abuse and Exploitation (CSAE) content on our platform. Users are expressly forbidden from:

- Uploading, sharing, or distributing any content involving child exploitation or abuse.
- Engaging in communication or activities that facilitate or promote child exploitation, including but not limited to grooming, solicitation, or trafficking.
- Attempting to use the platform to arrange unauthorized child pickups, exploit minors, or facilitate harmful interactions.

Any violation of this policy will result in immediate account suspension, reporting to law enforcement, and potential legal action.

2. Reporting CSAE Content or Behavior

If you encounter suspected CSAE content or behavior, you must immediately report it via:

- The in-app “Report CSAE Issue” feature in the settings/help section.
- Emailing our team at safety@task-ki.com.
- Contacting relevant authorities, such as the National Center for Missing & Exploited Children (NCMEC) or your local law enforcement agency.

All reports will be reviewed promptly, and appropriate action will be taken, including removal of content, account bans, and escalation to authorities where required.

3. Compliance with Child Safety Laws

Task-KI complies with all applicable child safety laws and regulations, including those requiring reporting of CSAE content to the relevant law enforcement agencies. We will work with child protection organizations and legal authorities to enforce safety measures on our platform.

4. Age Restriction and Parent/Guardian Responsibility

- Task-KI is designed for use by parents and guardians.
- Users must not impersonate another parent or guardian or attempt to bypass security measures for unauthorized child pickups.
- Parents/guardians using this platform to arrange child pickups are responsible for ensuring they only authorize trusted individuals.

5. Designated Child Safety Contact

For urgent child safety concerns, you may contact our Child Safety Compliance Team at safety@task-ki.com. This team is responsible for handling CSAE-related reports and coordinating with law enforcement.
