## \* Activity - 1 \*

1

\*. Community Survey - literacy rate among boys and girls - Access, continuity, dropout, entry, pass %, child marriages, child labours, etc and prepare a report.

### \* Introduction:-

In Society, boys and girls <sup>are</sup> identified by Community with Gender. Gender means the difference b/w male and female. Gender means it is implemented by society, so that it is called as Society Gender.

### \* The causes of Gender differences:-

- \*. In India, there are 75% people are living. Culture, traditions, unbeliefs are more in society.
- \*. Dowry system is spreaded all over the society.
- \*. Females study belongs to their family not to society.
- \*. The main problem is males authority than female Authority.

\* Gender unequities are reduced by taking acts:

- Giving opportunities for girls in education, and job purposes.
- In every district there must be girls college, and in every Mandal there should be Girls junior colleges.
- Every girls college should come under UGC.

\* Goals:-

- To observe the situations of women in schools.
- To observe about uses of women education.

\* Main Aim:-

A part of these activity, I conducted Community Survey about literacy rate, among boys and girls - a less continuity, dropout, entry, Pass Percentage are the things I have introduced in this activity.

(2)

I took Adanki 7<sup>th</sup> ward and I observed the gender difference b/w male and female, access, continuity, dropout, entry, Pass Percentage, child marriages, child labours, etc. I have gathered information about this.

① Access:-

The literacy rate of boys is 50 and girls is '40'.

\* Continuity:-

Only few people are going to school continuously. In these few of these girls are not going to school continuously.

\* Dropout:-

In these ward only girls are the drop outs. Than boys, girls drop out rate is high.

\* Entry:-

In the middle of the Academic year the students enter in to the school.

### \* Pass Percentage:-

In this school, the rate of pass % is less than boys. Because they are financially backward people.

### \* Child marriages:-

In these wards child marriages are encouraged by parents because of their financial crisis.

### \* Child labours:-

In this village child labours are seen very less. This village has many boys and literacy rate, pass % rate is also high for boys. Girls are always backward position in education.

\* Learning outcomes :-

- \* To know about child labours and their financial crisis.
- \* To understand about child marriages.
- \* To know about all of the members in the ward.

\* Conclusion :-

Sri vijaya Bhasathi College of Education,  
I am studying B.ed-1<sup>st</sup> Year, In this Activity,  
A part of these course, Activity Access,  
Continuity, Pass -/, Entry, Child marriages, child  
labours, are introduced here.

I introduced about the financial status  
of boys and girls in the village.

## Activity-2

⑥

\* A visit a Co-Education high school and girls high school and prepare a report on the facilities to girls students and woman teachers.

### \* Introduction:-

In a society, the women role is an important role than woman role. But the woman has a role to play in society. In society, the girls is given importance accordance in/with family. We can get by doing several activities. But Parents should help them to educate in school.

### \* The Status of Girls and Women in present society:

The woman is going to Gender Exclusions, because men are educating well in society than woman. They are not getting suitable facilities to educate in schools.

\* The Exclusions according to social status / society / state

In India, if the boy booms, they will say '+', if the girls gives birth they will say '-'.

\* The Exclusion according to Economical Status:-

Hardly, the woman mainly depends on others for financial problems, because the economical status of woman is better than the women economical status,

In schools, half of the part women were not educating well because of the financial crisis.

\* The status of policy and Constitution:-

Our Constitution has equity and equality among women and woman. He should not show Exclusions among boys & girls in constitution.

\* The status of Education:-

In the world, the India is called

democracy country. We are always developing country. We are not developed even in transport system also.

\* The importance of woman Education :-

In our Indian constitution we have equal rights. If the woman can educate she can control both education and family problems also.

\* Goals :-

→ A part of these activity, I observed that what are the facilities are available for girls, woman, students, in schools & colleges.

\* To observe mainly about girls Education -

\* Main Aim :-

To observe mainly about girls, and woman teachers, what facilities are available in schools for co-education high school and

girls high school

St. Theresa's High School - Ongole - Coeducation Sch

- \* In this school they gave good facilities for girl students.
- \* Water and toilet facilities are available for them.
- \* Especially there is a sick room for children.
- \* They have facilities for playing in a playground, dolls, etc.
- \* In schools, the minimum facilities should be for woman teacher:-
  - In this school, there is facilities for children and teachers.
  - They have sick room, staff room, water facilities for teachers.
  - In this school, the woman teacher gets respect through children.

\* Learning outcomes:-

- I observed, and I knew about the facilities that have given to girl child and woman teacher in schools.
- I knew about their situations, facilities, availabilities of students.
- Through this I knew about their availabilities, and enjoyness in woman.

\* Conclusions-

I am studying B.ed in Sri Vijaya Bhava the college of education.

Apart of these activity I went to St. Theresa's co-education high school.

Not only this, and I went to P.V.R Girls high school, which is called Girls high school and I observed the know about the facilities in schools.
